iLuv

Bluetooth Alarm Clock Speaker with Wireless charger and FM Radio

Morning Call iQ

User Manual (Ver 1.0)

WARNING AND SAFETY INSTRUCTIONS

The lightning and arrow within an equilateral triangle is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER (OR BACK). NO USER SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

1. Read these safety and operating instructions thoroughly regardless of prior knowledge.
2. Keep these safety and operating instructions.
3. Heed all warnings.
4. Follow all operating and instructions.
5. Do not operate in proximity to water or moisture.
6. Do not operate in proximity to sources of heat.
7. Use only with a dedicated or qualified power outlet. Do not force a polarized or grounded plug to fit into a non-polarized or non-grounded outlet.
8. Do not allow anything to rest on the power cord or cord set. Do not place the product where the power cord or cord set may be walked on, rolled over, or otherwise stressed.
9. Unplug this product during lightning storms or when unused for long periods of time.
10. Refer all servicing to qualified service personnel. Servicing is required when the product has been damaged in any way, such as when the power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the product, the product has been exposed to rain or moisture, does not operate normally, or has been dropped.
11. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions. Do not place in an enclosure such as a bookcase or cabinet which may impede the flow of air through the ventilation openings.
12. Do not place sources of naked flames, such as lighted candles, on the product.
13. Do not place any objects filled with liquids, such as vases, on the product.
14. Where plug or appliance coupler is used as the means of disconnection, the means of disconnection must remain readily accessible.
15. Minimum distances around the product for proper ventilation are 5 cm (2 inch).
16. The product is intended to be used in tropical climates.
17. Batteries (including batteries from a battery pack or installed batteries) shall not be exposed to excessive heat such as sunshine, fire or the like.
18. Caution marking is located on the rear or bottom of the product.
19. Apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the apparatus.
20. The mains plug is used as a disconnect device and shall remain readily operable.
21. Replace only with the same or equivalent type.
22. Do not ingest batteries, Chemical burn hazard. This product contains a coin or button cell battery. If the coin or button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death.
23. Keep new and used batteries away from children. If the battery compartment does not close securely, stop using the product and keep it away from children.
24. If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.
25. Replace batteries only with batteries of the same type and rating.
26. Remove batteries if the product will not be used for a long period of time.
27. Do not short circuit the battery.
28. Do not disassemble or open, crush, bend or deform, puncture or shredder.
29. Do not modify, recharge, or expose to water or fire.
30. Do not leave battery in extreme high temperature surroundings.
31. Do not cause severe mechanical stress.
32. Do not leave battery in extremely low air pressure environment.
33. Do not use battery if it is damaged or has a leak.
34. Keep the battery clean and dry.
35. Wipe the battery contacts with a dry cloth if they become dirty.
36. Replace only with the same or equivalent type.
37. Dispose of batteries properly. Do not dispose of batteries in a fire.
38. Do not attempt to recharge the battery.
39. Do not short circuit the battery.
40. Do not ingest the battery. Chemical burn hazard.
41. Do not disassemble, open, crush, bend or deform, puncture or shredder.
42. Do not modify, recharge, or expose to water or fire.
43. Do not leave battery in extreme high temperature surroundings.
44. Do not cause severe mechanical stress.
45. Do not leave battery in extremely low air pressure environment.
46. Do not use battery if it is damaged or has a leak.
47. Keep the battery clean and dry.
48. Wipe the battery contacts with a dry cloth if they become dirty.
49. Replace only with the same or equivalent type.
50. Dispose of batteries properly. Do not dispose of batteries in a fire.
51. Do not attempt to recharge the battery.
52. Do not short circuit the battery.
53. Do not ingest the battery. Chemical burn hazard.
54. Do not disassemble, open, crush, bend or deform, puncture or shredder.
55. Do not modify, recharge, or expose to water or fire.
56. Do not leave battery in extreme high temperature surroundings.
57. Do not cause severe mechanical stress.
58. Do not leave battery in extremely low air pressure environment.
59. Do not use battery if it is damaged or has a leak.
60. Keep the battery clean and dry.
61. Wipe the battery contacts with a dry cloth if they become dirty.
62. Replace only with the same or equivalent type.
63. Dispose of batteries properly. Do not dispose of batteries in a fire.
64. Do not attempt to recharge the battery.
65. Do not short circuit the battery.
66. Do not ingest the battery. Chemical burn hazard.
67. Do not disassemble, open, crush, bend or deform, puncture or shredder.
68. Do not modify, recharge, or expose to water or fire.
69. Do not leave battery in extreme high temperature surroundings.
70. Do not cause severe mechanical stress.
71. Do not leave battery in extremely low air pressure environment.
72. Do not use battery if it is damaged or has a leak.
73. Keep the battery clean and dry.
74. Wipe the battery contacts with a dry cloth if they become dirty.
75. Replace only with the same or equivalent type.
76. Dispose of batteries properly. Do not dispose of batteries in a fire.
77. Do not attempt to recharge the battery.
78. Do not short circuit the battery.
79. Do not ingest the battery. Chemical burn hazard.
80. Do not disassemble, open, crush, bend or deform, puncture or shredder.
81. Do not modify, recharge, or expose to water or fire.
82. Do not leave battery in extreme high temperature surroundings.
83. Do not cause severe mechanical stress.
84. Do not leave battery in extremely low air pressure environment.
85. Do not use battery if it is damaged or has a leak.
86. Keep the battery clean and dry.
87. Wipe the battery contacts with a dry cloth if they become dirty.
88. Replace only with the same or equivalent type.
89. Dispose of batteries properly. Do not dispose of batteries in a fire.
90. Do not attempt to recharge the battery.
91. Do not short circuit the battery.
92. Do not ingest the battery. Chemical burn hazard.
93. Do not disassemble, open, crush, bend or deform, puncture or shredder.
94. Do not modify, recharge, or expose to water or fire.
95. Do not leave battery in extreme high temperature surroundings.
96. Do not cause severe mechanical stress.
97. Do not leave battery in extremely low air pressure environment.
98. Do not use battery if it is damaged or has a leak.
99. Keep the battery clean and dry.
100. Wipe the battery contacts with a dry cloth if they become dirty.
101. Replace only with the same or equivalent type.
102. Dispose of batteries properly. Do not dispose of batteries in a fire.
103. Do not attempt to recharge the battery.
104. Do not short circuit the battery.
105. Do not ingest the battery. Chemical burn hazard.
106. Do not disassemble, open, crush, bend or deform, puncture or shredder.
107. Do not modify, recharge, or expose to water or fire.
108. Do not leave battery in extreme high temperature surroundings.
109. Do not cause severe mechanical stress.
110. Do not leave battery in extremely low air pressure environment.
111. Do not use battery if it is damaged or has a leak.
112. Keep the battery clean and dry.
113. Wipe the battery contacts with a dry cloth if they become dirty.
114. Replace only with the same or equivalent type.
115. Dispose of batteries properly. Do not dispose of batteries in a fire.
116. Do not attempt to recharge the battery.
117. Do not short circuit the battery.
118. Do not ingest the battery. Chemical burn hazard.
119. Do not disassemble, open, crush, bend or deform, puncture or shredder.
120. Do not modify, recharge, or expose to water or fire.
121. Do not leave battery in extreme high temperature surroundings.
122. Do not cause severe mechanical stress.
123. Do not leave battery in extremely low air pressure environment.
124. Do not use battery if it is damaged or has a leak.
125. Keep the battery clean and dry.
126. Wipe the battery contacts with a dry cloth if they become dirty.
127. Replace only with the same or equivalent type.
128. Dispose of batteries properly. Do not dispose of batteries in a fire.
129. Do not attempt to recharge the battery.
130. Do not short circuit the battery.
131. Do not ingest the battery. Chemical burn hazard.
132. Do not disassemble, open, crush, bend or deform, puncture or shredder.
133. Do not modify, recharge, or expose to water or fire.
134. Do not leave battery in extreme high temperature surroundings.
135. Do not cause severe mechanical stress.
136. Do not leave battery in extremely low air pressure environment.
137. Do not use battery if it is damaged or has a leak.
138. Keep the battery clean and dry.
139. Wipe the battery contacts with a dry cloth if they become dirty.
140. Replace only with the same or equivalent type.
141. Dispose of batteries properly. Do not dispose of batteries in a fire.
142. Do not attempt to recharge the battery.
143. Do not short circuit the battery.
144. Do not ingest the battery. Chemical burn hazard.
145. Do not disassemble, open, crush, bend or deform, puncture or shredder.
146. Do not modify, recharge, or expose to water or fire.
147. Do not leave battery in extreme high temperature surroundings.
148. Do not cause severe mechanical stress.
149. Do not leave battery in extremely low air pressure environment.
150. Do not use battery if it is damaged or has a leak.
151. Keep the battery clean and dry.
152. Wipe the battery contacts with a dry cloth if they become dirty.
153. Replace only with the same or equivalent type.
154. Dispose of batteries properly. Do not dispose of batteries in a fire.
155. Do not attempt to recharge the battery.
156. Do not short circuit the battery.
157. Do not ingest the battery. Chemical burn hazard.
158. Do not disassemble, open, crush, bend or deform, puncture or shredder.
159. Do not modify, recharge, or expose to water or fire.
160. Do not leave battery in extreme high temperature surroundings.
161. Do not cause severe mechanical stress.
162. Do not leave battery in extremely low air pressure environment.
163. Do not use battery if it is damaged or has a leak.
164. Keep the battery clean and dry.
165. Wipe the battery contacts with a dry cloth if they become dirty.
166. Replace only with the same or equivalent type.
167. Dispose of batteries properly. Do not dispose of batteries in a fire.
168. Do not attempt to recharge the battery.
169. Do not short circuit the battery.
170. Do not ingest the battery. Chemical burn hazard.
171. Do not disassemble, open, crush, bend or deform, puncture or shredder.
172. Do not modify, recharge, or expose to water or fire.
173. Do not leave battery in extreme high temperature surroundings.
174. Do not cause severe mechanical stress.
175. Do not leave battery in extremely low air pressure environment.
176. Do not use battery if it is damaged or has a leak.
177. Keep the battery clean and dry.
178. Wipe the battery contacts with a dry cloth if they become dirty.
179. Replace only with the same or equivalent type.
180. Dispose of batteries properly. Do not dispose of batteries in a fire.
181. Do not attempt to recharge the battery.
182. Do not short circuit the battery.
183. Do not ingest the battery. Chemical burn hazard.
184. Do not disassemble, open, crush, bend or deform, puncture or shredder.
185. Do not modify, recharge, or expose to water or fire.
186. Do not leave battery in extreme high temperature surroundings.
187. Do not cause severe mechanical stress.
188. Do not leave battery in extremely low air pressure environment.
189. Do not use battery if it is damaged or has a leak.
190. Keep the battery clean and dry.
191. Wipe the battery contacts with a dry cloth if they become dirty.
192. Replace only with the same or equivalent type.
193. Dispose of batteries properly. Do not dispose of batteries in a fire.
194. Do not attempt to recharge the battery.
195. Do not short circuit the battery.
196. Do not ingest the battery. Chemical burn hazard.
197. Do not disassemble, open, crush, bend or deform, puncture or shredder.
198. Do not modify, recharge, or expose to water or fire.
199. Do not leave battery in extreme high temperature surroundings.
200. Do not cause severe mechanical stress.
201. Do not leave battery in extremely low air pressure environment.
202. Do not use battery if it is damaged or has a leak.
203. Keep the battery clean and dry.
204. Wipe the battery contacts with a dry cloth if they become dirty.
205. Replace only with the same or equivalent type.
206. Dispose of batteries properly. Do not dispose of batteries in a fire.
207. Do not attempt to recharge the battery.
208. Do not short circuit the battery.
209. Do not ingest the battery. Chemical burn hazard.
210. Do not disassemble, open, crush, bend or deform, puncture or shredder.
211. Do not modify, recharge, or expose to water or fire.
212. Do not leave battery in extreme high temperature surroundings.
213. Do not cause severe mechanical stress.
214. Do not leave battery in extremely low air pressure environment.
215. Do not use battery if it is damaged or has a leak.
216. Keep the battery clean and dry.
217. Wipe the battery contacts with a dry cloth if they become dirty.
218. Replace only with the same or equivalent type.
219. Dispose of batteries properly. Do not dispose of batteries in a fire.
220. Do not attempt to recharge the battery.
221. Do not short circuit the battery.
222. Do not ingest the battery. Chemical burn hazard.
223. Do not disassemble, open, crush, bend or deform, puncture or shredder.
224. Do not modify, recharge, or expose to water or fire.
225. Do not leave battery in extreme high temperature surroundings.
226. Do not cause severe mechanical stress.
227. Do not leave battery in extremely low air pressure environment.
228. Do not use battery if it is damaged or has a leak.
229. Keep the battery clean and dry.
230. Wipe the battery contacts with a dry cloth if they become dirty.
231. Replace only with the same or equivalent type.
232. Dispose of batteries properly. Do not dispose of batteries in a fire.
233. Do not attempt to recharge the battery.
234. Do not short circuit the battery.
235. Do not ingest the battery. Chemical burn hazard.
236. Do not disassemble, open, crush, bend or deform, puncture or shredder.
237. Do not modify, recharge, or expose to water or fire.
238. Do not leave battery in extreme high temperature surroundings.
239. Do not cause severe mechanical stress.
240. Do not leave battery in extremely low air pressure environment.
241. Do not use battery if it is damaged or has a leak.
242. Keep the battery clean and dry.
243. Wipe the battery contacts with a dry cloth if they become dirty.
244. Replace only with the same or equivalent type.
245. Dispose of batteries properly. Do not dispose of batteries in a fire.
246. Do not attempt to recharge the battery.
247. Do not short circuit the battery.
248. Do not ingest the battery. Chemical burn hazard.
249. Do not disassemble, open, crush, bend or deform, puncture or shredder.
250. Do not modify, recharge, or expose to water or fire.
251. Do not leave battery in extreme high temperature surroundings.
252. Do not cause severe mechanical stress.
253. Do not leave battery in extremely low air pressure environment.
254. Do not use battery if it is damaged or has a leak.
255. Keep the battery clean and dry.
256. Wipe the battery contacts with a dry cloth if they become dirty.
257. Replace only with the same or equivalent type.
258. Dispose of batteries properly. Do not dispose of batteries in a fire.
259. Do not attempt to recharge the battery.
260. Do not short circuit the battery.
261. Do not ingest the battery. Chemical burn hazard.
262. Do not disassemble, open, crush, bend or deform, puncture or shredder.
263. Do not modify, recharge, or expose to water or fire.
264. Do not leave battery in extreme high temperature surroundings.
265. Do not cause severe mechanical stress.
266. Do not leave battery in extremely low air pressure environment.
267. Do not use battery if it is damaged or has a leak.
268. Keep the battery clean and dry.
269. Wipe the battery contacts with a dry cloth if they become dirty.
270. Replace only with the same or equivalent type.
271. Dispose of batteries properly. Do not dispose of batteries in a fire.
272. Do not attempt to recharge the battery.
273. Do not short circuit the battery.
274. Do not ingest the battery. Chemical burn hazard.
275. Do not disassemble, open, crush, bend or deform, puncture or shredder.
276. Do not modify, recharge, or expose to water or fire.
277. Do not leave battery in extreme high temperature surroundings.
278. Do not cause severe mechanical stress.
279. Do not leave battery in extremely low air pressure environment.
280. Do not use battery if it is damaged or has a leak.
281. Keep the battery clean and dry.
282. Wipe the battery contacts with a dry cloth if they become dirty.
283. Replace only with the same or equivalent type.
284. Dispose of batteries properly. Do not dispose of batteries in a fire.
285. Do not attempt to recharge the battery.
286. Do not short circuit the battery.
287. Do not ingest the battery. Chemical burn hazard.
288. Do not disassemble, open, crush, bend or deform, puncture or shredder.
289. Do not modify, recharge, or expose to water or fire.
290. Do not leave battery in extreme high temperature surroundings.
291. Do not cause severe mechanical stress.
292. Do not leave battery in extremely low air pressure environment.
293. Do not use battery if it is damaged or has a leak.
294. Keep the battery clean and dry.
295. Wipe the battery contacts with a dry cloth if they become dirty.
296. Replace only with the same or equivalent type.
297. Dispose of batteries properly. Do not dispose of batteries in a fire.
298. Do not attempt to recharge the battery.
299. Do not short circuit the battery.
300. Do not ingest the battery. Chemical burn hazard.
301. Do not disassemble, open, crush, bend or deform, puncture or shredder.
302. Do not modify, recharge, or expose to water or fire.
303. Do not leave battery in extreme high temperature surroundings.
304. Do not cause severe mechanical stress.
305. Do not leave battery in extremely low air pressure environment.
306. Do not use battery if it is damaged or has a leak.
307. Keep the battery clean and dry.
308. Wipe the battery contacts with a dry cloth if they become dirty.
309. Replace only with the same or equivalent type.
310. Dispose of batteries properly. Do not dispose of batteries in a fire.
311. Do not attempt to recharge the battery.
312. Do not short circuit the battery.
313. Do not ingest the battery. Chemical burn hazard.
314. Do not disassemble, open, crush, bend or deform, puncture or shredder.
315. Do not modify, recharge, or expose to water or fire.
316. Do not leave battery in extreme high temperature surroundings.
317. Do not cause severe mechanical stress.
318. Do not leave battery in extremely low air pressure environment.
319. Do not use battery if it is damaged or has a leak.
320. Keep the battery clean and dry.
321. Wipe the battery contacts with a dry cloth if they become dirty.
322. Replace only with the same or equivalent type.
323. Dispose of batteries properly. Do not dispose of batteries in a fire.
324. Do not attempt to recharge the battery.
325. Do not short circuit the battery.
326. Do not ingest the battery. Chemical burn hazard.
327. Do not disassemble, open, crush, bend or deform, puncture or shredder.
328. Do not modify, recharge, or expose to water or fire.
329. Do not leave battery in extreme high temperature surroundings.
330. Do not cause severe mechanical stress.
331. Do not leave battery in extremely low air pressure environment.
332. Do not use battery if it is damaged or has a leak.
333. Keep the battery clean and dry.
334. Wipe the battery contacts with a dry cloth if they become dirty.
335. Replace only with the same or equivalent type.
336. Dispose of batteries properly. Do not dispose of batteries in a fire.
337. Do not attempt to recharge the battery.
338. Do not short circuit the battery.
339. Do not ingest the battery. Chemical burn hazard.
340. Do not disassemble, open, crush, bend or deform, puncture or shredder.
341. Do not modify, recharge, or expose to water or fire.
342. Do not leave battery in extreme high temperature surroundings.
343. Do not cause severe mechanical stress.
344. Do not leave battery in extremely low air pressure environment.
345. Do not use battery if it is damaged or has a leak.
346. Keep the battery clean and dry.
347. Wipe the battery contacts with a dry cloth if they become dirty.
348. Replace only with the same or equivalent type.
349. Dispose of batteries properly. Do not dispose of batteries in a fire.
350. Do not attempt to recharge the battery.
351. Do not short circuit the battery.
352. Do not ingest the battery. Chemical burn hazard.
353. Do not disassemble, open, crush, bend or deform, puncture or shredder.
354. Do not modify, recharge, or expose to water or fire.
355. Do not leave battery in extreme high temperature surroundings.
356. Do not cause severe mechanical stress.
357. Do not leave battery in extremely low air pressure environment.
358. Do not use battery if it is damaged or has a leak.
359. Keep the battery clean and dry.
360. Wipe the battery contacts with a dry cloth if they become dirty.
361. Replace only with the same or equivalent type.
362. Dispose of batteries properly. Do not dispose of batteries in a fire.
363. Do not attempt to recharge the battery.
364. Do not short circuit the battery.
365. Do not ingest the battery. Chemical burn hazard.
366. Do not disassemble, open, crush, bend or deform, puncture or shredder.
367. Do not modify, recharge, or expose to water or fire.
368. Do not leave battery in extreme high temperature surroundings.
369. Do not cause severe mechanical stress.
370. Do not leave battery in extremely low air pressure environment.
371. Do not use battery if it is damaged or has a leak.
372. Keep the battery clean and dry.
373. Wipe the battery contacts with a dry cloth if they become dirty.
374. Replace only with the same or equivalent type.
375. Dispose of batteries properly. Do not dispose of batteries in a fire.
376. Do not attempt to recharge the battery.
377. Do not short circuit the battery.
378. Do not ingest the battery. Chemical burn hazard.
379. Do not disassemble, open, crush, bend or deform, puncture or shredder.
380. Do not modify, recharge, or expose to water or fire.
381. Do not leave battery in extreme high temperature surroundings.
382. Do not cause severe mechanical stress.
383. Do not leave battery in extremely low air pressure environment.
384. Do not use battery if it is damaged or has a leak.
385. Keep the battery clean and dry.
386. Wipe the battery contacts with a dry cloth if they become dirty.
387. Replace only with the same or equivalent type.
388. Dispose of batteries properly. Do not dispose of batteries in a fire.
389. Do not attempt to recharge the battery.
390. Do not short circuit the battery.
391. Do not ingest the battery. Chemical burn hazard.
392. Do not disassemble, open, crush, bend or deform, puncture or shredder.
393. Do not modify, recharge, or expose to water or fire.
394. Do not leave battery in extreme high temperature surroundings.
395. Do not cause severe mechanical stress.
396. Do not leave battery in extremely low air pressure environment.
397. Do not use battery if it is damaged or has a leak.
398. Keep the battery clean and dry.
399. Wipe the battery contacts with a dry cloth if they become dirty.
400. Replace only with the same or equivalent type.
401. Dispose of batteries properly. Do not dispose of batteries in a fire.
402. Do not attempt to recharge the battery.
403. Do not short circuit the battery.
404. Do not ingest the battery. Chemical burn hazard.
405. Do not disassemble, open, crush, bend or deform, puncture or shredder.
406. Do not modify, recharge, or expose to water or fire.
407. Do not leave battery in extreme high temperature surroundings.
408. Do not cause severe mechanical stress.
409. Do not leave battery in extremely low air pressure environment.
410. Do not use battery if it is damaged or has a leak.
411. Keep the battery clean and dry.
412. Wipe the battery contacts with a dry cloth if they become dirty.
413. Replace only with the same or equivalent type.
414. Dispose of batteries properly. Do not dispose of batteries in a fire.
415. Do not attempt to recharge the battery.
416. Do not short circuit the battery.
417. Do not ingest the battery. Chemical burn hazard.
418. Do not disassemble, open, crush, bend or deform, puncture or shredder.
419. Do not modify, recharge, or expose to water or fire.
420. Do not leave battery in extreme high temperature surroundings.
421. Do not cause severe mechanical stress.
422. Do not leave battery in extremely low air pressure environment.
423. Do not use battery if it is damaged or has a leak.
424. Keep the battery clean and dry.
425. Wipe the battery contacts with a dry cloth if they become dirty.
426. Replace only with the same or equivalent type.
427. Dispose of batteries properly. Do not dispose of batteries in a fire.
428. Do not attempt to recharge the battery.
429. Do not short circuit the battery.
430. Do not ingest the battery. Chemical burn hazard.
431. Do not disassemble, open, crush, bend or deform, puncture or shredder.
432. Do not modify, recharge, or expose to water or fire.
433. Do not leave battery in extreme high temperature surroundings.
434. Do not cause severe mechanical stress.
435. Do not leave battery in extremely low air pressure environment.
436. Do not use battery if it is damaged or has a leak.
437. Keep the battery clean and dry.
438. Wipe the battery contacts with a dry cloth if they become dirty.
439. Replace only with the same or equivalent type.
440. Dispose of batteries properly. Do not dispose of batteries in a fire.
441. Do not attempt to recharge the battery.
442. Do not short circuit the battery.
443. Do not ingest the battery. Chemical burn hazard.
444. Do not disassemble, open, crush, bend or deform, puncture or shredder.
445. Do not modify, recharge, or expose to water or fire.
446. Do not leave battery in extreme high temperature surroundings.
447. Do not cause severe mechanical stress.
448. Do not leave battery in extremely low air pressure environment.
449. Do not use battery if it is damaged or has a leak.
450. Keep the battery clean and dry.
451. Wipe the battery contacts with a dry cloth if they become dirty.
452. Replace only with the same or equivalent type.
453. Dispose of batteries properly. Do not dispose of batteries in a fire.
454. Do not attempt to recharge the battery.
455. Do not short circuit the battery.
456. Do not ingest the battery. Chemical burn hazard.
457. Do not disassemble, open, crush, bend or deform, puncture or shredder.
458. Do not modify, recharge, or expose to water or fire.
459. Do not leave battery in extreme high temperature surroundings.
460. Do not cause severe mechanical stress.
461. Do not leave battery in extremely low air pressure environment.
462. Do not use battery if it is damaged or has a leak.
463. Keep the battery clean and dry.
464. Wipe the battery contacts with a dry cloth if they become dirty.
465. Replace only with the same or equivalent type.
466. Dispose of batteries properly. Do not dispose of batteries in a fire.
467. Do not attempt to recharge the battery.
468. Do not short circuit the battery.
469. Do not ingest the battery. Chemical burn hazard.
470. Do not disassemble, open, crush, bend or deform, puncture or shredder.
471. Do not modify, recharge, or expose to water or fire.
472. Do not leave battery in extreme high temperature surroundings.
473. Do not cause severe mechanical stress.
474. Do not leave battery in extremely low air pressure environment.
475. Do not use battery if it is damaged or has a leak.
476. Keep the battery clean and dry.
477. Wipe the battery contacts with a dry cloth if they become dirty.
478. Replace only with the same or equivalent type.
479. Dispose of batteries properly. Do not dispose of batteries in a fire.
480. Do not attempt to recharge the battery.
481. Do not short circuit the battery.
482. Do not ingest the battery. Chemical burn hazard.
483. Do not disassemble, open, crush, bend or deform, puncture or shredder.
484. Do not modify, recharge, or expose to water or fire.
485. Do not leave battery in extreme high temperature surroundings.
486. Do not cause severe mechanical stress.
487. Do not leave battery in extremely low air pressure environment.
488. Do not use battery if it is damaged or has a leak.
489. Keep the battery clean and dry.
490. Wipe the battery contacts with a dry cloth if they become dirty.
491. Replace only with the same or equivalent type.
492. Dispose of batteries properly. Do not dispose of batteries in a fire.
493. Do not attempt to recharge the battery.
494. Do not short circuit the battery.
495. Do not ingest the battery. Chemical burn hazard.
496. Do not disassemble, open, crush, bend or deform, puncture or shredder.
497. Do not modify, recharge, or expose to water or fire.
498. Do not leave battery in extreme high temperature surroundings.
499. Do not cause severe mechanical stress.
500. Do not leave battery in extremely low air pressure environment.
501. Do not use battery if it is damaged or has a leak.
502. Keep the battery clean and dry.
503. Wipe the battery contacts with a dry cloth if they become dirty.
504. Replace only with the same or equivalent type.
505. Dispose of batteries properly. Do not dispose of batteries in a fire.
506. Do not attempt to recharge the battery.
507. Do not short circuit the battery.
508. Do not ingest the battery. Chemical burn hazard.
509. Do not disassemble, open, crush, bend or deform, puncture or shredder.
510. Do not modify, recharge, or expose to water or fire.
511. Do not leave battery in extreme high temperature surroundings.
512. Do not cause severe mechanical stress.
513. Do not leave battery in extremely low air pressure environment.
514. Do not use battery if it is damaged or has a leak.
515. Keep the battery clean and dry.
516. Wipe the battery contacts with a dry cloth if they become dirty.
517. Replace only with the same or equivalent type.
518. Dispose of batteries properly. Do not dispose of batteries in a fire.
519. Do not attempt to recharge the battery.
520. Do not short circuit the battery.
521. Do not ingest the battery. Chemical burn hazard.
522. Do not disassemble, open, crush, bend or deform, puncture or shredder.
523. Do not modify, recharge, or expose to water or fire.
524. Do not leave battery in extreme high temperature surroundings.
525. Do not cause severe mechanical stress.
526. Do not leave battery in extremely low air pressure environment.
527. Do not use battery if it is damaged or has a leak.
528. Keep the battery clean and dry.
529. Wipe the battery contacts with a dry cloth if they become dirty.
530. Replace only with the same or equivalent type.
531. Dispose of batteries properly. Do not dispose of batteries in a fire.
532. Do not attempt to recharge the battery.
533. Do not short circuit the battery.
534. Do not ingest the battery. Chemical burn hazard.
535. Do not disassemble, open, crush, bend or deform, puncture or shredder.
536. Do not modify, recharge, or expose to water or fire.
537. Do not leave battery in extreme high temperature surroundings.
538. Do not cause severe mechanical stress.
539. Do not leave battery in extremely low air pressure environment.
540. Do not use battery if it is damaged or has a leak.
541. Keep the battery clean and dry.
542. Wipe the battery contacts with a dry cloth if they become dirty.
543. Replace only with the same or equivalent type.
544. Dispose of batteries properly. Do not dispose of batteries in a fire.
545. Do not attempt to recharge the battery.
546. Do not short circuit the battery.
547. Do not ingest the battery. Chemical burn hazard.
548. Do not disassemble, open, crush, bend or deform, puncture or shredder.
549. Do not modify, recharge, or expose to water or fire.
550. Do not leave battery in extreme high temperature surroundings.
551. Do not cause severe mechanical stress.
552. Do not leave battery in extremely low air pressure environment.
553. Do not use battery if it is damaged or has a leak.
554. Keep the battery clean and dry.
555. Wipe the battery contacts with a dry cloth if they become dirty.
556. Replace only with the same or equivalent type.
557. Dispose of batteries properly. Do not dispose of batteries in a fire.
558. Do not attempt to recharge the battery.
559. Do not short circuit the battery.
560. Do not ingest the battery. Chemical burn hazard.
561. Do not disassemble, open, crush, bend or deform, puncture or shredder.
562. Do not modify, recharge, or expose to water or fire.
563. Do not leave battery in extreme high temperature surroundings.
564. Do not cause severe mechanical stress.
565. Do not leave battery in extremely low air pressure environment.
566. Do not use battery if it is damaged or has a leak.
567. Keep the battery clean and dry.
568. Wipe the battery contacts with a dry cloth if they become dirty.
569. Replace only with the same or equivalent type.
570. Dispose of batteries properly. Do not dispose of batteries in a fire.
571. Do not attempt to recharge the battery.
572. Do not short circuit the battery.
573. Do not ingest the battery. Chemical burn hazard.
574. Do not disassemble, open, crush, bend or deform, puncture or shredder.
575. Do not modify, recharge, or expose to water or fire.
576. Do not leave battery in extreme high temperature surroundings.
577. Do not cause severe mechanical stress.
578. Do not leave battery in extremely low air pressure environment.
579. Do not use battery if it is damaged or has a leak.
580. Keep the battery clean and dry.
581. Wipe the battery contacts with a dry cloth if they become dirty.
582. Replace only with the same or equivalent type.
583. Dispose of batteries properly. Do not dispose of batteries in a fire.
584. Do not attempt to recharge the battery.
585. Do not short circuit the battery.
586. Do not ingest the battery. Chemical burn hazard.
587. Do not disassemble, open, crush, bend or deform, puncture or shredder.
588. Do not modify, recharge, or expose to water or fire.
589. Do not leave battery in extreme high temperature surroundings.
590. Do not cause severe mechanical stress.
591. Do not leave battery in extremely low air pressure environment.
592. Do not use battery if it is damaged or has a leak.
593. Keep the battery clean and dry.
594. Wipe the battery contacts with a dry cloth if they become dirty.
595. Replace only with the same or equivalent type.
596. Dispose of batteries properly. Do not dispose of batteries in a fire.
597. Do not attempt to recharge the battery.
598. Do not short circuit the battery.
599. Do not ingest the battery. Chemical burn hazard.
600. Do not disassemble, open, crush, bend or deform, puncture or shredder.
601. Do not modify, recharge, or expose to water or fire.
602. Do not leave battery in extreme high temperature surroundings.
603. Do not cause severe mechanical stress.
604. Do not leave battery in extremely low air pressure environment.
605. Do not use battery if it is damaged or has a leak.
606. Keep the battery clean and dry.
607. Wipe the battery contacts with a dry cloth if they become dirty.
608. Replace only with the same or equivalent type.
609. Dispose of batteries properly. Do not dispose of batteries in a fire.
610. Do not attempt to recharge the battery.
611. Do not short circuit the battery.
612. Do not ingest the battery. Chemical burn hazard.
613. Do not disassemble, open, crush, bend or deform, puncture or shredder.
614. Do not modify, recharge, or expose to water or fire.
615. Do not leave battery in extreme high temperature surroundings.
616. Do not cause severe mechanical stress.
617. Do not leave battery in extremely low air pressure environment.
618. Do not use battery if it is damaged or has a leak.
619. Keep the battery clean and dry.
620. Wipe the battery contacts with a dry cloth if they become dirty.
621. Replace only with the same or equivalent type.
622. Dispose of batteries properly. Do not dispose of batteries in a fire.
623. Do not attempt to recharge the battery.
624. Do not short circuit the battery.
625. Do not ingest the battery. Chemical burn hazard.
626. Do not disassemble, open, crush, bend or deform, puncture or shredder.
627. Do not modify, recharge, or expose to water or fire.
628. Do not leave battery in extreme high temperature surroundings.
629. Do not cause severe mechanical stress.
630. Do not leave battery in extremely low air pressure environment.
631. Do not use battery if it is damaged or has a leak.
632. Keep the battery clean and dry.
633. Wipe the battery contacts with a dry cloth if they become dirty.
634. Replace only with the same or equivalent type.
635. Dispose of batteries properly. Do not dispose of batteries in a fire.
636. Do not attempt to recharge the battery.
637. Do not short circuit the battery.
638. Do not ingest the battery. Chemical burn hazard.
639. Do not disassemble, open, crush, bend or deform, puncture or shredder.
640. Do not modify, recharge, or expose to water or fire.
641. Do not leave battery in extreme high temperature surroundings.
642. Do not cause severe mechanical stress.
643. Do not leave battery in extremely low air pressure environment.
644. Do not use battery if it is damaged or has a leak.
645. Keep the battery clean and dry.
646. Wipe the battery contacts with a dry cloth if they become dirty.
647. Replace only with the same or equivalent type.
648. Dispose of batteries properly. Do not dispose of batteries in a fire.
649. Do not attempt to recharge the battery.
650. Do not short circuit the battery.
651. Do not ingest the battery. Chemical burn hazard.
652. Do not disassemble, open, crush, bend or deform, puncture or shredder.
653. Do not modify, recharge, or expose to water or fire.
654. Do not leave battery in extreme high temperature surroundings.
655. Do not cause severe mechanical stress.
656. Do not leave battery in extremely low air pressure environment.
657. Do not use battery if it is damaged or has a leak.
658. Keep the battery clean and dry.
659. Wipe the battery contacts with a dry cloth if they become dirty.
660. Replace only with the same or equivalent type.
661. Dispose of batteries properly. Do not dispose of batteries in a fire.
662. Do not attempt to recharge the battery.
663. Do not short circuit the battery.
664. Do not ingest the battery. Chemical burn hazard.
665. Do not disassemble, open, crush, bend or deform, puncture or shredder.
666. Do not modify, recharge, or expose to water or fire.
667. Do not leave battery in extreme high temperature surroundings.
668. Do not cause severe mechanical stress.
669. Do not leave battery in extremely low air pressure environment.
670. Do not use battery if it is damaged or has a leak.
671. Keep the battery clean and dry.
672. Wipe the battery contacts with a dry cloth if they become dirty.
673. Replace only with the same or equivalent type.
674. Dispose of batteries properly. Do not dispose of batteries in a fire.
675. Do not attempt to recharge the battery.
676. Do not short circuit the battery.
677. Do not ingest the battery. Chemical burn hazard.
678. Do not disassemble, open, crush, bend or deform, puncture or shredder.
679. Do not modify, recharge, or expose to water or fire.
680. Do not leave battery in extreme high temperature surroundings.
681. Do not cause severe mechanical stress.
682. Do not leave battery in extremely low air pressure environment.
683. Do not use battery if it is damaged or has a leak.
684. Keep the battery clean and dry.
685. Wipe the battery contacts with a dry cloth if they become dirty.
686. Replace only with the same or equivalent type.
687. Dispose of batteries properly. Do not dispose of batteries in a fire.
688. Do not attempt to recharge the battery.
689. Do not short circuit the battery.
690. Do not ingest the battery. Chemical burn hazard.
691. Do not disassemble, open, crush, bend or deform, puncture or shredder.
692. Do not modify, recharge, or expose to water or fire.
693. Do not leave battery in extreme high temperature surroundings.
694. Do not cause severe mechanical stress.
695. Do not leave battery in extremely low air pressure environment.
696. Do not use battery if it is damaged or has a leak.
697. Keep the battery clean and dry.
698. Wipe the battery contacts with a dry cloth if they become dirty.
699. Replace only with the same or equivalent type.
700. Dispose of batteries properly. Do not dispose of batteries in a fire.
701. Do not attempt to recharge the battery.
702. Do not short circuit the battery.
703. Do not ingest the battery. Chemical burn hazard.
704. Do not disassemble, open, crush, bend or deform, puncture or shredder.
705. Do not modify, recharge, or expose to water or fire.
706. Do not leave battery in extreme high temperature surroundings.
707. Do not cause severe mechanical stress.
708. Do not leave battery in extremely low air pressure environment.
709. Do not use battery if it is damaged or has a leak.
710. Keep the battery clean and dry.
711. Wipe the battery contacts with a d
