3-IN-1
Wireless Charger

Product Function Introduction

The 3-in-1 charger is a multifunctional charging station that allows you to charge three smart devices (portable power iWatch and headphones) simultaneously on our product.

It is compatible with the iWatch, AirPods, and most TWS headphones.

It has a unique design and elegant appearance, making it very suitable for use in the office or at home.

Charging your smart device on our product is very convenient

With overcharge protection and FOD function, you can enjoy the charging experience.

Top pin contact

iWatch
Magnetic suction charging

Wireless charging of headphones

Heat dissipation hole

LED indicator light

Type-C power interface
(Not affected during rotation)

Rotary axis switch

The rotating shaft can carry equipment,360 degree horizontal rotation

Top pin contact

Headphone charging area
Removable design

Setting Up MagEZ slider

1

Stable base

3m glue fixed base

2

Charge with type-c

plug in the 18w slider using the cable provided

3

Charging

Charging a mobile power bank

Separate watch charging position

plug the dongle into any powered usb-c port to charge your apple watch for example

1

Use computer type-c power supply

2

Power supply in the type-c direction of the mobile phone

3

Direct charge with type-c charger

Compatible Model

1: iWatch

Apple iWatch S10/S9/S8/SE 2/5/7/6/SE 5/4/3/2/Ultra 2/Ultra.

2: AirPods

AirPods Charging: for AirPods 2/3/4/Pro/Pro2 (can work with A2700, A2566, A2190,A1938 AirPods case)

Lightning

Lightning

Note: Does not support AirPods LIGHTNING charging case A2897, A1602

Specification

Model Number: YT04

Product Name: 3-IN-1Wireless Charger

Type-C(Base)Input: 5V~3A

Wireless Charging (Base for Earbuds) Output: 3W

Wireless Charging (Base for iWatch) Output: 2.5W

Packing List

3-in-1 wireless charger	x1	Type-C power cord	x1
PD 20W adapter	x1	User's manual	x1
Wireless charging plug-in for watches	x1

FCC Warning Statement

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this device does cause harmful interference to radio or television reception, which can be determined by turning the device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the device and receiver.

-Connect the device into an outlet on a circuit different from that to which the receiver is device.

-Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. When use the device, a distance of 20 cm between the radiator and user's body shall maintain.

IC Warning Statement

This device contains licence-exempt transmitter(s)/ receiver(s)/ that comply with Innovation Science and Economic Development Canada's licence-exempt RSS(s).

Operation is subject to the following two conditions:

(1) this device may not cause interference and

(2) this device must accept any interference, including interference that may cause undesired operation of the device.

Radiation Exposure: This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment. To maintain compliance with IC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance of 10cm the radiator your body. This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

Déclaration de l'ISED Canada:

Cet appareil contient des émetteur(s)/récepteur(s) sans licence / conformes à l'innovation RSS exemptes de licence de Sciences et Développement économique Canada. L'opération est sous réserve des deux conditions suivantes:

(1) cet appareil ne peut pas causer d'interférences et

(2) cet dispositif doit accepter toute interférence, y compris peut provoquer le fonctionnement indésirable de l'appareil.

Exposition aux rayonnements: Cet équipement est conforme aux radiations du Canada limites d'exposition pour un environnement incontrôlé nonoé d'exposition RF. Pour maintenir le respect des guides d'exposition R.F.d'IC, équipement doit être: i installé et actionné avec une distance minimale de 10cm le radiateur de votre corps. Cet appareil et ses antennes ne doivent pas être colocalisés ou en opération en conjonction avec toute autre antenne ou émetteur.
