

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS**EUT Housing and Board
View 1****EUT Housing and Board
View 2**

EUT Housing and Board View 3	 A photograph showing the EUT housing and board from a top-down perspective. The components are laid out on a blue textured surface next to a black ruler with white markings. The ruler has two scales: one in centimeters (0 to 100) and one in millimeters (0 to 100). The components include a black circular housing with a clear lens, a white plastic ring, a small white plastic component, and a green printed circuit board (PCB) with two black components. The PCB is labeled '202-10323'.
Solder Board-Component View 1	 A photograph showing a close-up of the solder board-component view. The green PCB is placed on a blue textured surface next to a black ruler with white markings. The ruler has two scales: one in centimeters (0 to 100) and one in millimeters (0 to 100). The PCB is labeled '202-10323' and shows two black components soldered to the board.

Solder Board-Component View 2	 A photograph of a small, green, rectangular printed circuit board (PCB) component. The component has two large, dark, rectangular solder pads on its top surface. It is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's width spanning approximately 20 mm.
Solder Board-Component View 3	 A photograph of a small, green, circular printed circuit board (PCB) component. The component is densely populated with various electronic components, including a large black integrated circuit (IC) and several smaller components. It is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's diameter spanning approximately 20 mm.
