<p>880 User Manual</p> <p>True wireless headphones</p>  <p>The light display interactive area, the first light color of charging and opening/closing is battery indicator: red light below 20%, white light between 21%-80%, blue light between 81%-100%.</p> <p>Product Host and Accessories</p> <p>880 × 1</p> <p>Type-C charging cable × 1</p> <p>Music hanging chain × 1</p> <p>User manual × 1</p> <p>Product Structure Description</p> <ul style="list-style-type: none"> ① touch area (FMS) ② secondary microphone sound-receiving hole ③ speaker sound hole ④ earbuds charging pole ⑤ main microphone jack ⑥ type-C charging port ⑦ hanging chain buckle 	<p>⑧ right earphone compartment</p> <p>⑨ left earphone compartment</p>  <p>Before using the earbuds, please read this User Guide carefully and keep it for future reference.</p> <p>Product Specifications</p> <ul style="list-style-type: none"> Version: V 2.2 Speaker specification: 93MM 33Ω Frequency response range: 20Hz-2000Hz Using distance: About 10 meters Music playback: About 5 hours Talk time: About 5 hours Standby time: About 120 hours Charging time: About 1.5 hours Battery specification: 35mAh/2500mAh Speaker sensitivity: 105±3dB at 1kHz Weight: earphone 3.6g*, charging compartment 68g <p>The above data are laboratory measured values, and actual use may vary according to specific circumstances. The music playback and talk time data are all measured at 50% of the earbuds volume.</p>	<p>Packing List</p> <table border="1"> <tr> <td>Wireless earbuds × 1</td> <td>User manual × 1</td> </tr> <tr> <td>Charging compartment × 1</td> <td>Type-C charging cable × 1</td> </tr> <tr> <td></td> <td>Metal hanging chain × 1</td> </tr> </table> <p>Instructions</p> <p>Power ON</p> <p>It automatically enters the pairing state after taking out from the charging compartment, the white light turns on for one second to complete the boot.</p> <p>Pairing</p> <p>When taking out the earbuds from the charging compartment, the white light flashes quickly once per second, entering pairing mode automatically. Use a functional device to search for the name of "880*", and click to pair it. If there is no connection within 3 minutes, the earbuds will automatically shut down.</p> <p>Power OFF</p> <ul style="list-style-type: none"> It will automatically shut down while putting the earbuds into charging compartment. Without a mobile phone or other device connected, press and hold the "FMS" for about 1 seconds, the white light flashes 3 times quickly, accompanied by a shutdown prompt sound to complete Power OFF. <p>Tip: When the earbuds are connected to a mobile phone or other device, it cannot be turned OFF by long pressing "FMS".</p> <p>Call function</p> <p>Answering a call: When there is an incoming call, tap "FMS" once to answer.</p> <p>Hang up the call: In the call state, touch "FMS" once to hang up.</p> <p>Reject a call: When there is an incoming call, tap "FMS" twice to reject it.</p> <p>Music function</p> <p>After 880 is successfully connected to your mobile phone, you can open the music app to play music.</p> <p>In music mode:</p> <ul style="list-style-type: none"> Pause/Play: Touch the multi-function button once to pause the music/play, touch it again to continue. Previous song: Tap the left "FMS" twice to the previous song. Next song: Tap the right "FMS" twice to the next song. 	Wireless earbuds × 1	User manual × 1	Charging compartment × 1	Type-C charging cable × 1		Metal hanging chain × 1	<p>The light color corresponds to the power level: Red light below 20%, white light at 21%-80%, blue light at 81%-100%.</p> <p>Intelligent voice assistant</p> <p>Activate: Tap the left "FMS" about 4 times to activate "Siri"/voice assistant.</p> <p>Exit: Voice exit "Siri"/voice assistant or be canceled by mobile phone.</p> <p>Charging and battery precautions</p> <p>This product has a built-in non-removable rechargeable battery.</p> <p>The charging current and voltage is 5V/500mA, please do not charge the product with a charger exceeding 5V/500mA, otherwise it will easily cause damage to the battery.</p> <p>Safety Precautions</p> <ol style="list-style-type: none"> To ensure your personal safety, do not wear or place the earbuds too close to the pacemaker (less than 10cm). Children should use this device under adult supervision, this product is not a toy. Using the earbuds at this voltage level, especially for a long time, may damage your hearing. For traffic safety, do not use earbuds while driving or riding a bicycle. 	<p>SAFETY WARNINGS</p>  <p>Name and content of toxic and hazardous substances or elements in the product</p> <p>This form is prepared according to the provisions of EU 1366/2004</p> <table border="1"> <thead> <tr> <th>Part name</th> <th>Lead (Pb)</th> <th>Mercury (Hg)</th> <th>Cadmium (Cd)</th> <th>Hexavalent Chromium (CrVI)</th> <th>Polybrominated diphenyl ether (PBDE)</th> <th>Polybrominated diphenyl ether (PBDE)</th> </tr> </thead> <tbody> <tr> <td>Metal parts</td> <td>×</td> <td>○</td> <td>○</td> <td>○</td> <td>○</td> <td>○</td> </tr> <tr> <td>Seam parts</td> <td>×</td> <td>○</td> <td>○</td> <td>○</td> <td>○</td> <td>○</td> </tr> <tr> <td>Wire</td> <td>×</td> <td>○</td> <td>○</td> <td>○</td> <td>○</td> <td>○</td> </tr> <tr> <td>Circuit board assembly</td> <td>×</td> <td>○</td> <td>○</td> <td>○</td> <td>○</td> <td>○</td> </tr> <tr> <td>Battery</td> <td>×</td> <td>○</td> <td>○</td> <td>○</td> <td>○</td> <td>○</td> </tr> </tbody> </table> <p>○ Indicates the content of this toxic and hazardous substance in all homogeneous materials of this part is below the limit requirement specified in GB/T 26572.</p> <p>× Indicates that the content of this toxic and hazardous substance in at least one homogeneous material of this part exceeds the limit requirement specified in GB/T 26572 standard.</p> <p>The parts marked with "X" in this table are all unable to replace harmful substances due to the limitation of global technological development level.</p> <p>FAQ</p> <ol style="list-style-type: none"> What should I do if the left and right ear pairing fails? <ul style="list-style-type: none"> If the left and right ears cannot be paired, please turn off the BT function of mobile phone first, put the earphones back into charging compartment, then take out the earphones according to above instructions to complete pairing steps. After they are successfully paired, turn on the BT function of mobile phone, and manually click to connect. What to do when the phone is connected to 2 earphones at the same time? <ul style="list-style-type: none"> Turn off the BT function of the phone, pick up the 2 earphones from the charging compartment at the same time, pair them again, turn on the BT of phone after the pairing is successful, and manually click it to connect again. Several problems that may occur when pausing playback: <ul style="list-style-type: none"> After testing the Apple phone, the automatic re-connection cannot be performed after turning on again. You need to manually click the earbuds name to reconnect, then it can be used normally. Earbuds have noise problems: 	Part name	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent Chromium (CrVI)	Polybrominated diphenyl ether (PBDE)	Polybrominated diphenyl ether (PBDE)	Metal parts	×	○	○	○	○	○	Seam parts	×	○	○	○	○	○	Wire	×	○	○	○	○	○	Circuit board assembly	×	○	○	○	○	○	Battery	×	○	○	○	○	○	<p>A. Whether there is interference from large electronic equipment nearby.</p> <p>B. Confirm whether there is any noise in the sound source itself, change the music and test them again.</p> <p>When the battery is low, there will be noise. Put the earphones into the charging compartment for charging.</p> <p>(5) Earbuds sound delay problem:</p> <p>The selected chip for PRO880 is a low-latency chip, and the single transmission link is 30ms.</p> <p>(6) There is no sound from the earphone, touch them with no effect, and the indicator light flashes abnormally.</p> <p>Turn off the BT of mobile phone, put earphones into charging compartment and take them out again. After the reset is successful, repeat the above steps to reach the connection.</p> <p>(7) Other possible problems:</p> <p>A. The secondary ear is stuck, there may be electromagnetic interference nearby.</p> <p>B. Earbuds are not charging:</p> <ul style="list-style-type: none"> Confirm if the charging compartment has electricity; Whether the thumb of the charging compartment and earphone are in good contact with each other for electric shock. <p>C. The earbuds do not turn on: Confirm whether the earbuds are powered, or whether the white light of earbuds is on when placed into charging compartment.</p> <p>D. The voice of the other party cannot be heard in the earbuds call state:</p> <ul style="list-style-type: none"> Confirm whether the earbuds is connected to mobile phone; Whether switch to the BT call state of mobile phone. <p>(8) A single earphone is not charged when placed in the charging compartment:</p> <p>Take out the LR earphones at the same time, and put them back into the charging compartment; Insert the power cord of the charging compartment to charge.</p> <p>(9) Left and right earphones are disconnected:</p> <p>Turn on both earphones out of warehouse, in the state of disconnection, tap the left and right earphones 4 times and the 5th long press at the same time (tap the FMS area with 4 short 1 long press), let go after hearing the "Du Du" sound for about 5 seconds, wait for about 8 seconds, the pairing is automatically completed. And the earbuds can be used normally after playing it in the charging compartment. [This function is invalid when connecting mobile phones or other external devices].</p>	<p>Warnings or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p>NOTE: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>FCC Statement:</p> <p>The equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. The equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.
