

Part#: VPH

## PARTS NEEDED:

	
<p>Desktop and Table Phone Charger</p>	<p>Power Supply</p>

## IMPORTANT SAFETY INSTRUCTIONS

Interior use only.

### Electrical ratings:

24V AC | 1.2A

Charging Capacity: Wireless: Up to 10W

USB-A - 5V / 2.4A / 12W

USB-C - 5V, 9V, 12V, 20V / 3A / Max 60W

### FCC Statement:

This device complies with Part 15 of the FCC rules. Operation is subjected to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment. Changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

### FCC Radiation Exposure Statement

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The equipment should be installed and operated with minimum distance 15cm between the radiator & your body.

### FCC VOC

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Only radiated measurements are used to show compliance with FCC limits for fundamental and spurious emissions.

## 1. Desktop Version:

Place in desired location on the desk and plug the charger into the power supply. Plug the other cord into the power supply and then plug into the wall.

## 2. Table Mount Version:

Select location and place the charger portion on top of the work surface. Slide the bracket and knob under the surface and tighten until secure to the surface.

Plug the charger into the power supply. Plug the other cord into the power supply and then plug into the wall.
