

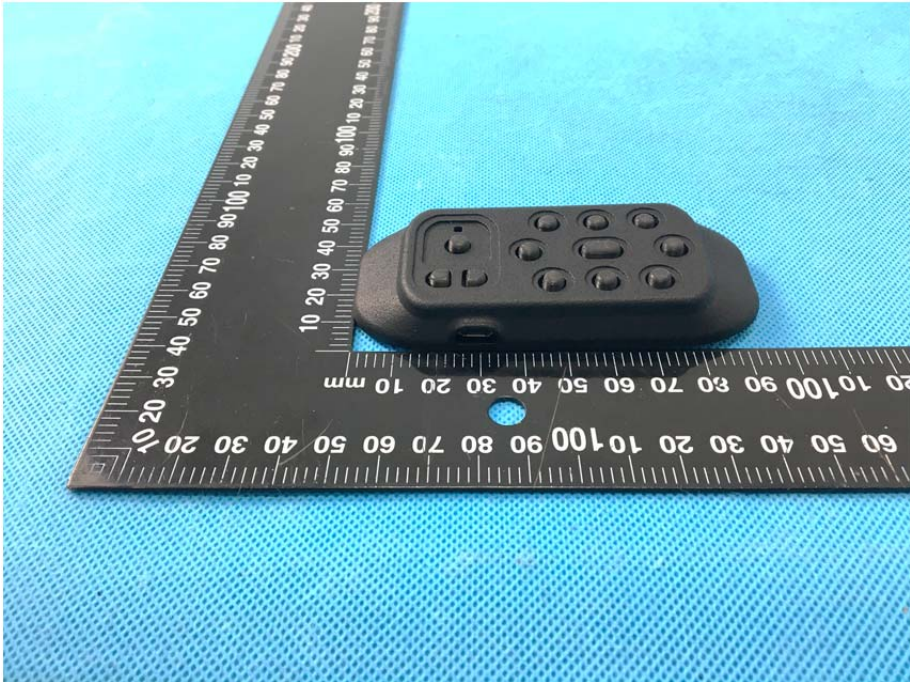

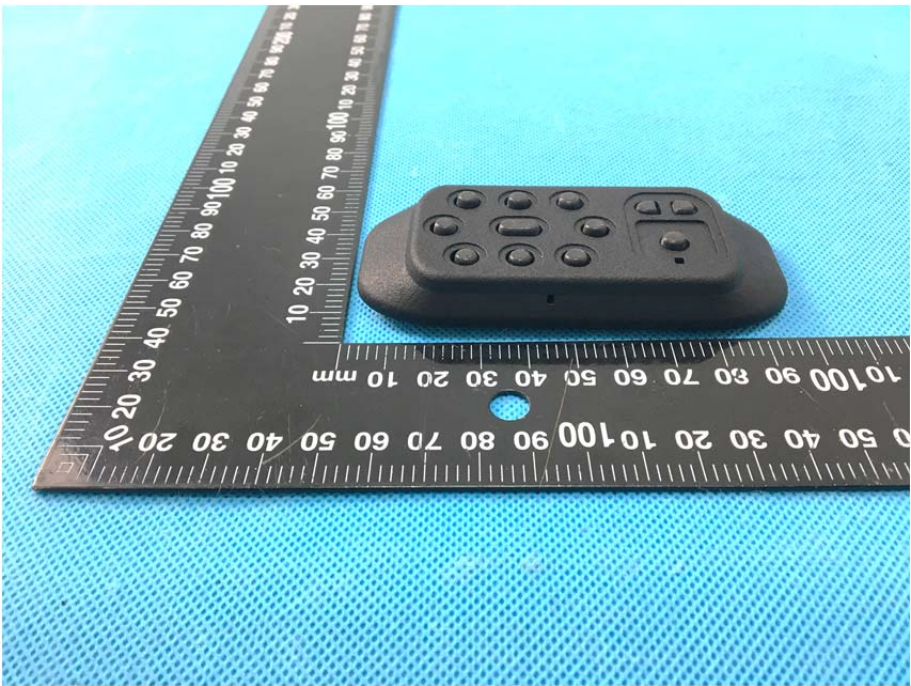

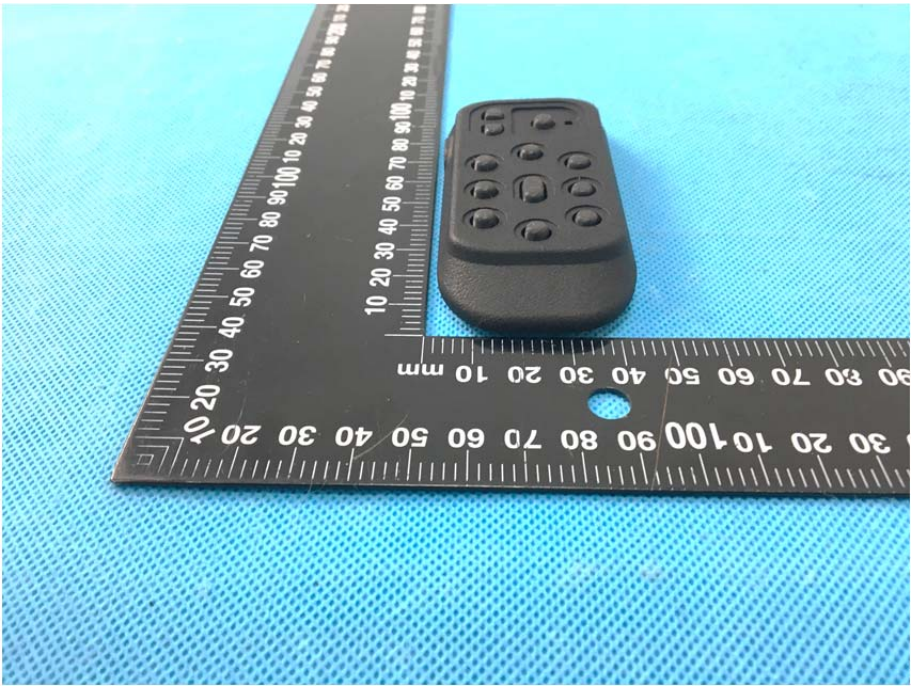

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	
EUT View 2	

EUT View 3	 A black electronic device, likely a remote control or a small keypad, is shown from a top-down perspective. It has a rectangular shape with rounded corners. The device features a grid of buttons: a 3x3 array of small circular buttons on the left, a single larger button in the center, and a 2x2 array of buttons on the right. A small rectangular slot is visible on the left side. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in centimeters and millimeters.
EUT View 4	 A black electronic device, similar to the one in View 3, is shown from a slightly different angle. It has a rectangular shape with rounded corners. The device features a grid of buttons: a 3x3 array of small circular buttons on the left, a single larger button in the center, and a 2x2 array of buttons on the right. A small rectangular slot is visible on the left side. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in centimeters and millimeters.

EUT View 5	 A black electronic device, likely a remote control or a small handheld device, is shown from a top-down perspective. It has a rectangular shape with rounded corners. The front face features a small rectangular screen at the top, followed by a grid of buttons. There are two rows of four circular buttons each, and a single larger button below them. The device is placed on a blue textured surface next to a black L-shaped ruler. The ruler has white markings in millimeters and centimeters. The device is positioned near the 100 mm mark on the horizontal ruler and the 100 mm mark on the vertical ruler.
EUT View 6	 A black electronic device, likely a remote control or a small handheld device, is shown from a side profile. It has a rectangular shape with rounded corners. The device is placed on a blue textured surface next to a black L-shaped ruler. The ruler has white markings in millimeters and centimeters. The device is positioned near the 100 mm mark on the horizontal ruler and the 100 mm mark on the vertical ruler.
