

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing a conducted emission test setup. On the left, a spectrum analyzer sits on a wooden table. A red cable connects it to a power line filter unit on the floor. The unit is plugged into a wall outlet. To the right is a large wooden panel.
Radiation Emission Test Setup (Below 30MHz)	 A photograph of a radiation emission test chamber. The walls are lined with white, square-shaped electromagnetic interference (EMI) shields. In the center, a white test fixture sits on a metal platform. A metal frame stands in the foreground, and yellow and black striped safety tape is on the floor.

**Radiation Emission Test
Setup (30MHz to 1GHz)**

**Radiation Emission Test
Setup (1GHz to 18GHz)**
