

## User Manual

### Quick Start Guide:

#### WHAT'S IN THE BOX

- Device
- USB cable

#### Setup Your Device:

- Press the power button on your device to Turn ON the device
- Tap the settings icon located on the status bar to display settings.
- Turn On the WIFI on the device and select the WIFI network to add
- Once you are connected, you can register the device to your account.

### Product Information

#### SAFETY INFORMATION

READ ALL SAFETY INFORMATION BEFORE USING THE DEVICE. FAILURE TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN FIRE, ELECTRIC SHOCK, OR OTHER INJURY OR DAMAGE

#### BATTERY SAFETY

HANDLE WITH CARE. Your device contains a rechargeable lithium-ion battery and should be Replaced only by a qualified service provider. Do not disassemble, remove or attempt to modify or access the battery in your device. Avoid dropping the device or battery. If the device or battery is dropped, especially on a hard surface, and the user suspects damage, do not attempt repair. Contact Amazon Customer Service for assistance.

Keep the device and its power adapter (sold separately) in a well-ventilated area and away from heat sources, especially when in use or charging. For more information about batteries, go to [www.amazon.com/devicesupport](http://www.amazon.com/devicesupport). Your device uses the USB cable provided and a USB charger or USB port that is compliant with safety standards, such as IEC 62368. Do not charge your device near water or in extremely humid conditions.

For models that support use of a wireless charger, ensure there are no metallic or magnetic foreign objects on the charger (such as coins, jewelry, metallic cases, keys, bank cards or other items) when charging. In limited circumstances, use of third-party accessories may void your device's limited warranty. Read all safety instructions for any accessories before using with your device.

## **FCC Compliance Information**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

47 CFR 15.21]

Pursuant to Section 15.21 of the FCC rules, changes or modifications to a Product by the user that are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device meets the FCC Radio Frequency Emission Guidelines. Information on the product is on file with the FCC and can be found by inputting such Product's FCC ID (which can be found on the device) into the FCC ID Search form available at <https://www.fcc.gov/oet/ea/fccid>.

The party responsible for FCC compliance is Amazon.com Services LLC 410 Terry Ave North, Seattle, WA 98109 USA. If you wish to contact Amazon visit [www.amazon.com/devicesupport](http://www.amazon.com/devicesupport), select United States, click Help & Troubleshooting, then scroll to the bottom of the page and under the Talk to an Associate option, click on Contact

## **Information Regarding Exposure to Radio Frequency Energy**

The output power of the radio technology used in the Products is below the radio frequency exposure limits set by the FCC.

Nevertheless, it is advised to use the Device in such a manner that minimizes the potential for human contact during normal operations.

## **IC Compliance Information**

### **Innovation, Science and Economic Development Canada (ISED) Compliance**

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device.

### **Information Regarding Exposure to Radio Frequency Energy**

This equipment complies with IC RSS-102 RF exposure limits set forth for an uncontrolled environment.

This device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

CAN ICES-3 (B)/NMB-3(B)

## **POUR LES CLIENTS CANADIENS**

Conformité Innovation Sciences et Développement Économique Canada (ISDE) L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage (2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

### **Renseignements relatifs à l'exposition à l'énergie des radiofréquences**

Cet équipement est conforme aux limites d'exposition IC CNR-102 prévues pour des environnements non contrôlés.

Les appareils fonctionnant dans la bande de 5150 à 5250 MHz sont réservés uniquement à une utilisation à l'intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux.

### **Information Regarding Exposure to Radio Frequency Energy**

This equipment complies with IC RSS-102 RF exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé.

### **Recycling Your Device Properly**

In some areas, the disposal of certain electronic devices is regulated. Make sure you dispose of, or recycle, your device in accordance with your local laws and regulations. For information about recycling your device, go to [www.amazon.com/devicesupport](http://www.amazon.com/devicesupport)

### **Additional Safety and Compliance Information**

For additional safety, compliance, recycling, and other important information regarding your device, please refer to the Legal section in the Home drop-down menu on your device or visit [www.amazon.com/devicesupport](http://www.amazon.com/devicesupport).

### **Product Specifications**

Model Numbers: SA568B

Electrical Rating: 5.0V= 1.5A

Temperature Rating: 32°F to 95°F (0°C to 35°C)

Connectivity: Dual Band Wi-Fi (2.4/5 GHz), 802.11 a/b/g/n/ac; BT BDR/EDR, BLE

### **ELECTRONIC LABELING**

Certification information can be found electronically in the Device's Settings Menu under Legal and Compliance > Regulatory Information
