WARNING!

**CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK,
DO NOT REMOVE THE COVER OF THIS UNIT.**

**THERE ARE NO USER - SERVICEABLE PARTS INSIDE.
REFER ALL SERVICING TO A QUALIFIED TECHNICIAN.**

The lightning flash with arrow head symbol within an equilateral triangle is intended to alert the user to the presence of "dangerous" voltage within the product's enclosure that may be of sufficient magnitude to constitute a risk of Electric shock to humans. Users should exhibit extra safety when this symbol appears in this instruction manual and follow all precautions as they are stated.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in this manual.

SAFETY INSTRUCTION

1. Please read the user manual carefully before use and retain for future reference.
2. The power supply must match the demand of the device with reliable ground wire.
3. All covering signal should be complied with the demand of device.
4. The device should be located far away from high temperature, moisture and powerful electromagnetic field.
5. Max operating temperature is 113°F.
6. No naked flame sources, such as lighted candles, shall be placed on the product.
7. Clean only with dry cloth – The appliance should be cleaned only as recommended by the manufacturer.
8. When not in use, unplug the unit from the mains.
9. **To establish a safe level:**
 - Start your volume control at a low setting.
 - Slowly increase the sound until you can hear it comfortably and clearly, and without distortion.
10. Only use suitable means of transportation if you want to move the speaker.

Note:

- Once the **BLUETOOTH** devices are paired, there is no need to pair them again.
- If the speaker is connected via Bluetooth device but does not play with sound, please turn off nearby devices and only leave one device to re-connect with the speaker.
- When inserting the USB/SD Card , make sure the direction you selected is correct. Never insert violently to avoid damaging the USB/SD Card or the unit. If it doesn't work, please check if the direction is correct.
- Turn off and pull out the USB/SD before turning off the speaker.

FCC Warning

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
