

Safety Instructions

- For your safety, this product must be installed in accordance with local building laws. Consult or engage a registered and qualified electrician to install it for you. If you are installing this product yourself, make sure you notify your local government building control authority to inspect and test your installation.
- Never take risks with electrical safety. Before you start any type of electrical work, make sure the environment is absolutely safe.
- Place the light away from children to avoid dangers resulting from improper operation.
- This product is rated as IP65 Waterproof. It can be used outdoors but cannot be immersed in water.
- During installation, avoid scratching the light cover which might affect the lighting effects.
- Only use the control provided with or specified by these instructions to control this lamp. This lamp will not operate properly when connected to a standard (incandescent) dimmer or dimming control.
- The operating temperature should be within -20°C to 45°C (-4°F to 113°F).

Introduction

Thanks for choosing the Govee Outdoor Wall Light. The wall light adopts a high-quality aluminium alloy cover, which is IP65 waterproof. It can be easily installed on porches, outdoor wall surfaces, etc. It has a high lumen value, rich colors, and a variety of fantastic RGBIC lighting effects. DIY your favorite lighting effects now!

What’s in the Box

Follow the Quick Start Guide to install the product

Pairing Your Device with Govee Home App

What You Need

- A Wi-Fi router supporting the 2.4GHz and 802.11 b/g/n bands. 5GHz is not supported.
- A smartphone or tablet running iOS or Android.

1. Download Govee Home App from the App Store (iOS devices) or Google Play (Android devices).
2. Turn on your smartphone’s Bluetooth.
3. Open the app, tap the “+” icon in the top right corner and search “H7075.”
4. Tap the device icon and follow the on-screen instructions to complete pairing.

Specifications

Input	100-240VAC 50/60Hz
Color Rendering Index	CRI>90
Color Temperature	2700K~6500K
Lumens (6500K)	1500lm
Light Color	RGBWW
Waterproof	Wall Light (IP65)
Product Dimensions	Height—263mm/10.35inch
	Length—131mm/5.16inch
	Width—62mm/2.44inch

Troubleshooting

1. Failed to connect to Wi-Fi.
 - a. Make sure the distance between the device and the router is less than 100ft.
 - b. Keep as few obstructions (e.g. wall, windows) as possible between the device and the router.
 - c. Make sure the Wi-Fi name and the password you entered is correct.

Govee Home App

For FAQs and more information, please visit: www.govee.com

d. Make sure the Wi-Fi you connect to is 2.4GHz. 5GHz is not supported

2. Lost Wi-Fi connection./Cannot use the device with the app.

a. Make sure your home Wi-Fi works well.

b. Check whether the Wi-Fi password has been modified.

c. Keep as few obstructions (e.g. wall, windows) as possible between the device and the router.

d. Check whether the device has connected to Wi-Fi. If the device is not connected to Wi-Fi, please reconnect the device to Wi-Fi as mentioned above.

3. Cannot pair or connect with Alexa or Google Assistant.

a. Ensure the stability of the Wi-Fi connection.

b. Go to the app's Settings page and follow the instructions under "User Guide" to pair the device again.

4. Can multiple users control one device?

a. Each device can only be controlled by one account.

b. If multiple users want to control the same device, ensure they are using the same account.

FCC and ISED Canada Statement

This device complies with Part 15 of the FCC Rules and Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) l'appareil ne doit pas produire de brouillage, et

(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.

2. Increase the separation between the equipment and receiver.

3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

4. Consult the dealer or an experienced radio/TV technician for help.

This Class B digital apparatus complies with Canadian ICES-005. Cet appareil numérique de la classe B est conforme à la norme NMB-005 du Canada.

FCC and IC Radiation Exposure Statement

This equipment complies with FCC and IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Lors de l'utilisation du produit, maintenez une distance de 20 cm du corps afin de vous conformer aux exigences en matière d'exposition RF.
