FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- (1) Reorient or relocate the receiving antenna.
- (2) Increase the separation between the equipment and receiver.
- (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- (4) Consult the dealer or an experienced radio/TV technician for help.

FCC Radio Frequency Exposure Statement

Govee RGB LED Strip Light

Important Safety Instructions

When using products, basic precautions should always be practiced including the following:

Read and follow all safety instructions.

- The product is not water resistant, be cautious when installing and using.
- Use the product with the provided power adapter only.
- Be cautious of static electricity during installation and usage. Keep the product away from sharp objects or strong corrosive chemicals.
- When bending the strip lights during installation, avoid folding the LED components as it may affect the product's life span.
- Remove nails, metal, or other conductive objects from the installation surface before attaching the strip light, as it may cause short-circuiting.
- Do not install the strip light near any heat sources.
- Do not allow children to install the strip light alone.
- Avoid installing the strip light near potentially dangerous sources (e.g., candles, liquid-filled objects).
- Unroll the strip lights before powering them on.

CAUTION-The product is not a toy. Children and the disabled should use it under adult supervision.

Troubleshooting

1. The adhesive tape is not strong enough.

- Make sure the installation surface is clean and dry.
- Firmly press over the strip after sticking.
- Reinforce the installation via more clips and tape.

2. Cannot connect to Bluetooth.

- Do not skip Bluetooth connection in the app.
- Ensure Bluetooth on your smartphone has been turned on.
- Your smartphone may be incompatible with the Govee Home app. Try using a different smartphone to reconnect.
- Power the strip lights and your smartphone Bluetooth off then on, then try again.

- Ensure that your smartphone is within 1m/3.2ft of the strip light when connecting.
- Clear any obstructions that are between the strip lights and your smartphone.

- The strip lights does not display the full selected color/Some LED beads do not light up.
- Please contact the Govee support team for rapid product replacement.

3. Cannot sync the strip lights to the beat of my music.

- Move the control box closer to the music source.
- Clear the music on the control box then try again.

4. Cannot connect to WiFi.

- Do not skip the WiFi connection step in the app.
- 5GHz network is not supported. Please set the router to 2.4GHz and then retest.
- Connect your phone to WiFi and check whether the network works well.
