Re: CONFIDENTIALITY REQUEST FOR Bluetooth winder for automatic watches, MODEL TM001 AND FCC ID 2A8DU-TM001)

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the (i) **Block Diagram**, (ii) **Schematics**, (iv) **Parts List / Tune Up Procedure**, (v) **Operational Description** required to be submitted with this application be permanently withheld from public review.

These documents contain detailed system and equipment descriptions and related information about the product, which Berišaj, napredne informacijske rešitve, d.o.o. considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public and which should never get into the possession of our competition. Since this design is a basis from which future technological products will evolve, Berišaj, napredne informacijske rešitve, d.o.o. feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Berišaj, napredne informacijske rešitve, d.o.o. has also classified these items as trade secrets pursuant to the Slovenian Trade Secrets Act (Official Gazette RS no. 22/19).

Please contact me if there is any information you may need.

Sincerely,

Žiga Dolhar, Legal Counsel
