Description of model difference - FCC ID: 2AB5X-4180026

Zeni lite Buoy Co Ltd will manufacture the Akari AtoN product.
The AtoN will consist of 1 physical product which consists of the following software controlled variations:

	<i>Configuration-</i>
<i>Akari 1s</i>	<i>Type 1 with Sensor enabled</i>
<i>Akari 1</i>	<i>Type 1 with Sensor Disabled</i>
<i>Akari 3s</i>	<i>Type 3 with Sensor enabled</i>
<i>Akari 3</i>	<i>Type 3 with Sensor Disabled</i>

1. Difference between products

SRT Marine Technology Ltd declares that the difference between the products listed above is software related. On the 'S' model the Sensor function is switched on, on the remaining product the sensor function is turned off by software configuration depending upon the customer requirements.

All testing was carried out with the sensor unit activated.

Yours Sincerely

Richard McMahon

Certification Engineer, SRT Marine Technology Limited
