

Thank you for choosing Ditto. We hope it will make your smart phone experience more joyful and less stressful.

If you need help, updates or additional information on how to get the most out of your Ditto, go to: simplematters.com/support

Package Contents

- Ditto
- Battery
- Clip
- Coin door (for an even slimmer profile)
- Wristband (for sleep, swimming, sports, etc.)
- Quick Start Guide

For great tips and ideas on how to wear your Ditto, check out simplematters.com/support

1 Load App

Install the app "Ditto" from the App Store or Google Play.

2 Insert Battery

Insert the battery, with the Plus (+) side facing the clip, into the clip.

TIP: the battery may already be inserted into the clip.

TIP: if you prefer a smaller profile, it aligns with the base. Check to make sure that the clip is not askew.

3 Open Ditto App

Follow the on-screen instructions.

TIP: make sure your mobile phone's Bluetooth® is turned on and the Ditto's battery is inserted correctly.

Replacing Battery

Ditto's Water Resistance

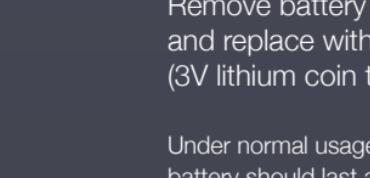

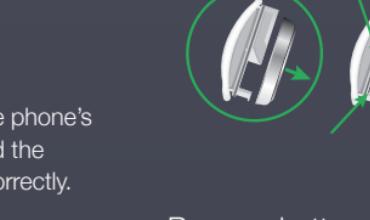

Ditto is waterproof and suitable for swimming.

Register

Optional, go to simplematters.com to register your Ditto and to receive announcements, notices of software updates, tips, and more.

Under normal usage conditions, the battery should last approximately 3 to 6 months.

Your privacy is ensured— we will not share our information.

Twist the clip into place so that it aligns with the base. Check to make sure that the clip is not askew.

Watch the simplematters.com website for a quick video on how to replace the battery.

Simple Matters Ditto Limited Warranty

Simple Matters LLC ("Simple Matters") provides a limited warranty that the Ditto product (including software) (the "Product") is free of defects in material and workmanship when used as intended for a period of 365 days from the original date of purchase of the Product.

This is a limited warranty and extends to the original purchaser only. It excludes normal wear and tear or any damage resulting from abuse, improper use or handling, accident, modifications or unauthorized repair, or other

simplematters

causes that are not defects in material or workmanship. It is not a warranty or guarantee that operation of the Product will be uninterrupted or error free, or that the user will never miss a notification, call or message, or will not lose or become separated, from his or her paired device. This warranty, the use of the Product and the use of any app or software related to the use of the Product are also subject to any further limitations stated at simplematters.com/support

In case of a covered defect, you must return the Product at your expense and the original purchase receipt to Simple Matters as then currently directed on the Simple

Matters web site—simplematters.com/support—to obtain warranty coverage. Simple Matters will, at its option and in its sole discretion, repair or replace the defective Product or issue a refund.

Simple Matters specifically disclaims all other warranties, conditions, representations and the provision of or failure to provide any support or other service, information, software, or related content through the Product or as a result of changes in any third party devices or software. This limited warranty excludes all other express or implied warranties of any type, all of which are specifically disclaimed.

Any warranty imposed by operation of law, or course of trade or dealing,

shall be limited to the specific term of this limited warranty. Simple Matters' liability for any direct or indirect, incidental or consequential damages arising out of the use of the Product, or the failure or inability to use the Product, shall be limited to the original purchase price of the Product, pursuant to part 15 of the FCC Rules.

Some jurisdictions do not allow a limitation on implied warranties or the amount or type of damages, so these limitations may not apply to you. This limited warranty gives you specific legal rights, and you may have additional rights that may vary from jurisdiction to jurisdiction.

Regulatory Compliance

FCC & IC

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

This device complies with Part 15

of the FCC rules and with Industry

Canada licence-exempt RSS

standard(s). Operation is subject to

the following two conditions:

(1) This device may not cause

harmful interference, and

(2) this device must accept any

interference received, including

interference that may cause

undesired operation.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

(1) l'appareil ne doit pas produire de brouillage, et

(2) l'appareil doit accepter

tout brouillage radioélectrique

subi, même si le brouillage est

susceptible d'en compromettre le

fonctionnement.

This equipment generates, uses

and can radiate radio frequency

energy and, if not installed and used

in accordance with the instructions,

may cause harmful interference

to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between

- the equipment and receiver.

This equipment

generates,

uses and can radiate radio frequency

energy and, if not installed and used

in accordance with the instructions,

may cause harmful interference

to radio communications.

guidelines and should be avoided.

Caution: Any changes or

modifications not expressly

approved by the party responsible

for compliance could void the user's

authority to operate this device.

Your device is a radio transmitter

and receiver. It is designed

and manufactured not to

exceed the emission limits for

exposure to radio frequency

(RF) energy set by the Federal

Communications Commission of

the U.S. Government. The FCC has

established criteria for the amount

of radio frequency energy various

products may produce depending

on their intended usage. This

product has been evaluated and

found to comply with the FCC's

exposure criteria. For body worn

operation, the FCC RF exposure

guidelines were also met when

used with the accessories supplied

or designed for this product. Use of

other accessories may not ensure

compliance with FCC RF exposure

guidelines and should be avoided.

Caution: Any changes or

modifications not expressly

approved by the party responsible

for compliance could void the user's

authority to operate this device.

However, there is no guarantee

that interference will not occur

in a particular installation. If this

equipment does cause harmful

interference to radio or television

reception, which can be determined

by turning the equipment off and

on, the user is encouraged to try to

correct the interference by one or

more of the following measures:

(1) l'appareil ne doit pas produire de brouillage, et

(2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The installer of this radio equipment

must ensure that the antenna is

located or pointed such that it

does not emit RF field in excess of

Health Canada limits for the general

population; consult Safety Code 6,

obtainable from Health Canada's

website hc-sc.gc.ca/rpb/

However, there is no guarantee

that interference will not occur

in a particular installation. If this

equipment does cause harmful

interference to radio or television

reception, which can be determined

by turning the equipment off and

on, the user is encouraged to try to

correct the interference by one or

more of the following measures:

(1) This device may not cause

harmful interference, and

(2) this device must accept any

interference received, including

interference that may cause

undesired operation.

However, there is no guarantee

that interference will not occur

in a particular installation. If this

equipment does cause harmful

interference to radio or television

reception, which can be determined

by turning the equipment off and

on, the user is encouraged to try to

correct the interference by one or

more of the following measures:

(1) This device may not cause

harmful interference, and

(2) this device must accept any

interference received, including

interference that may cause

undesired operation.
