User Manual

Bluetooth Speaker

290

Shenzhen Xingmeixing Electronics Co., Ltd
Please read this manual carefully before use

Appearance description of function

1. External audio port
2. TF card port
3. USB card port
4. Microphone
5. Switch
6. USB charging port
7. Touch control

Note :
1. $\blacktriangleleft/\triangleright$ short touch to the last music ,long touch to add volume ;
2. $\blacktriangleright/\blacktriangleleft$ short touch to the next music , long touch to reduce volume ;
3. $\blacksquare/\blacksquare$ short touch to pause or play;
4. M short touch to play mode transform

Product features

1. Using the newest Bluetooth chip V4.0 ,high compatibility ,clear sound ;
2. High fidelity stereo surround sound .Simple and flexible control;
- 3.Built-in digital power amplifier , high energy efficiency ;
- 4.With multi audio formats , USB,TF card, external signal, Bluetooth play ;
5. Barrier free Bluetooth transfer distance 30 meters;
6. Multi-audio play mode ,can use as tablet
7. with light bottom frame

Technical indicators

Output : 2.5W (RMS)
Horn size : 2"
Frequency response:30Hz~20KHz
SNR: ≥ 60 dB

Input sensitivity: 600~100mV
Distortion: $\leq 0.3\%$ (1W 1KHz)
Product size: L68*W68*H63mm
Charging voltage: DC5V == 1A

Bluetooth connection instructions

- 1.Switch on (Figure 5),indicator light turns on , the red and blue light flash alternately ,the Bluetooth is standby status ;
- 2.Open the Bluetooth of mobile phone, start to search, will show "Alien 007", press it to connect ,the Bluetooth indicator lamp keeps light status , it means to be connected;

Packing list

The speaker ,user manual , 3.5mm stereo audio cable + DXC5V charging cable

FCC Warning

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
