

## **User Guide [DRAFT]**

### **Product Information**

#### **Safety and Compliance Information**

#### **Using Your Product Around Other Electronic Devices**

#### **FCC Compliance Information**

##### **Radio Frequency Information**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications that are not expressly approved by the party responsible for compliance could make the device no longer comply with the FCC Rules.

Information on your device is on file with the FCC and can be found by inputting your device's FCC ID, which can be found in the battery compartment of the Device, into the FCC ID Search form available at [transition.fcc.gov/oet/ea/fccid](https://transition.fcc.gov/oet/ea/fccid).

## **Information Regarding Exposure to Radio Frequency Energy**

The output power of the radio technology used in the Device is below the radio frequency exposure limits set by the FCC. Nevertheless, it is advised to use the Device in such a manner that minimizes the potential for human contact during normal operations.

## **Recycling Product Properly**

In some areas, the disposal of certain electronic devices is regulated. Make sure you dispose of or recycle the Products in accordance with your local laws and regulations. For information about recycling the Products, go to [Insert URL].

## **Product Specifications**

Sensors: Accelerometer, 3 axis

Buttons: 11 Total

Antenna: Single antenna

Batteries: 2x AAA

Connectivity —Bluetooth 3.0

Operating temperature — 0 °C to 40 °C

Storage temperature — 0 °C to 60 °C
