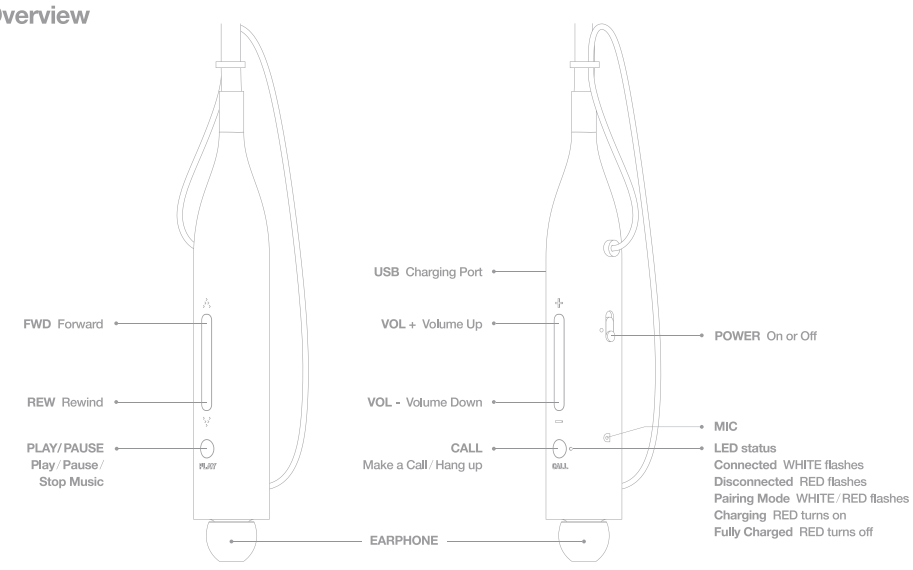
## /groove, bluetooth headset manual
## made to meet — your colorful taste

XODJ

Groove is compatible with any Bluetooth devices
(Mobile phones, PC, PMP, TV, etc.)

Contents : Groove, Earbuds, USB charging cable, Manual (includes Warranty)

## 01 / Overview



## 02 / Charging the groove

- Before you use the Groove, it is important to bring the power up to full charge for maximum talk time.
  The RED LED turns off when the battery is fully charged.
- Audible Battery Status Alert

| High | Medium | Low |
|---|---|---|
| Battery High | Battery Medium | Battery Low |

- Always keep the battery between -10˚C and 50˚C for optimal performance.
  Extreme temperatures reduce the capacity and lifetime of the battery.
- Audible Battery Status Alert: Press PLAY button for more than 2.5 seconds.

## 03 / Connect to your mobile phone

- The Groove must be paired with a Bluetooth compatible device for the first time use.
  You only need to pair the Groove with your mobile phone for one time. After the Groove is connected to your device, it is ready for use.

a. Turn on your mobile phone and the Groove.
   (The WHITE/RED LED will flash with voice announcement of 'paring' to indicate pairing mode.)
b. Activate the Bluetooth function on your mobile phone. (See the user guide of your mobile phone for instruction.)
c. Search and select the 'XODJ Groove' from the list of founded devices.
   (Enter the passcode (PIN number) '0000' to pair and connect to your mobile phone, if required.)
d. If the pairing is successful, you will hear the voice announcement of 'paired' or 'connected' and the WHITE LED will be flashed every 6 seconds.

## 04 / Connect to other mobile phones

- 'Connect to other mobile phones' is required if you want to connect with a different mobile phone while the Groove is already pairing with the mobile phone initially connected.

a. Turn on the Groove and press 'PLAY/CALL' buttons at the same time for 2 seconds.
   (The WHITE/RED LED will flash with voice announcement of 'paring' to indicate pairing mode.)
b. Activate the Bluetooth function on your mobile phone.
   (See the user guide of your mobile phone for instruction.)
c. Search and select the 'XODJ Groove' from the list of founded devices.
   (Enter the passcode (PIN number) '0000' to pair and connect to your mobile phone, if required.)
d. If the Groove cannot be connected, delete 'XODJ Groove' from the list of founded devices on your mobile phone. Then try again.

## 05 / Multi-connection

- Multi-connection enables your Groove to maintain an active connection with two mobile phones at once.
  (Your mobile phones must be Bluetooth compatible.)

a. Pair the Groove with one of your mobile phones. (See 'Connect to your mobile phone' in this page.)
b. Be ready to pair the Groove with your second mobile phone.
   (Press 'VOL+' and 'CALL' buttons at the same time for over 3 seconds while Groove is connecting with one of your mobile phones.
   You will hear voice announcement of 'paring' to indicate pairing mode.)
c. Connect the Groove with your second mobile phone. (See 'Connect to your mobile phone' in this page.)
d. Connect the Groove again with your first mobile phone after the second mobile phone is connected.
e. Make sure that the Groove is connected with 2 mobile phones at once.

## 06 / Basic Use: Make and answer calls

- Answer a Call: Press 'CALL' button for incoming calls. (Groove will vibrate for incoming calls.)
- Reject a Call: Press 'CALL' button for over 1 second for incoming calls.
- Hang up a Call: Press 'CALL' button.
- Make a Call: Make a call normally using your mobile phone while Groove is connecting with your phone.
- Redial the Last Call: Press 'CALL' button 2 times.
- Voice Dialing: Press 'CALL' button for over 1 second to activate voice dialing. (This operation may vary depends on the mobile phones)
- Switching Calls between Groove and mobile phone:
  Press 'CALL' button for over 1 second during a call to switch mobile phone ▸ Groove or Groove ▸ mobile phone
- Call Waiting: Press 'CALL' button 2 times to answer a second call. To go back to the first call, press 'CALL' button 2 times again.
- Mute/Unmute the Microphone: Press and hold 'VOL+' and 'VOL-' buttons for 2 seconds to mute microphone during a call.
  Press the same buttons to unmute.

## 07 / Basic Use: Play music

- Play Music: Press 'Play/Pause' button.
- Pause: Press 'Play/Pause' button while playing music.
- Stop: Press 'Play/Pause' button for 2 seconds.
- Play the Previous or Next Music: Press '<' or '>' button.
- Fast Forward/Rewind: Press and hold '<' or '>' button while playing music.

## 08 / Auto reconnect

If the Groove and Mobile phone are separated by a range of 10 meters or more, they will be disconnected and RED LED will be flashed. When the Groove is turned back on the range, they will be automatically reconnected. If Groove and mobile phone do not automatically reconnect, press 'CALL' button for over 1second or delete 'XODJ Groove' from the list of founded devices on your mobile phone. Then try again.

## 09 / Disconnecting

Turn off the Groove or disconnect/unpair from your Bluetooth device.

## 10 / Troubleshooting Tips
