

The image displays the disassembly of a Nokia 4.2G 4204A mobile phone, showing four components arranged in a 2x2 grid:

- Top-left:** The black back cover of the phone, featuring a circular camera lens and a small flash.
- Top-right:** The back cover with internal components and labels. Labels include "SAA28H4A6-10C", "PIXIA-2G 4204A", "PID01 US", "201011/4214", and a QR code.
- Bottom-left:** The battery cover, showing the internal battery compartment and a small label with "BT115C-300 1.2" and "1596C".
- Bottom-right:** The main circuit board (PCB) with various components, including a battery labeled "LC HS 1534", a camera lens, and a small label with "PIXIA-2G 4204A".
