

120 mm

75 mm

Product: Starry Sleep Aid
 Model: S8
 Rating: DC5V,10W
 Company full name: Shenzhen Xin Jiao Du Technology Development Co.,Ltd
 Full Address: 5B17 Room, ShenZhou Computer Building, BanTian Street, LongGang District, Shenzhen, China
 CLASS 2 LASER PRODUCT
 COMPLIES WITH DHHS RULES 21 CFR CHAPTER I SUBCHAPTER J |
 Maximum power or energy output: ≤1mW
 Complies with IEC 60825-1:2014
 Manufactured date:January 2021
 made in: China

List of controls, adjustments and procedures for operation and maintenance, including the warning "Caution- Use of controls or adjustments or performance of procedures other than those specified herein may result in hazardous radiation exposure" (or alternatively equivalent appropriate warnings).

RoHS FCC CE Made in China

User Manual

Starry Sleep Aid

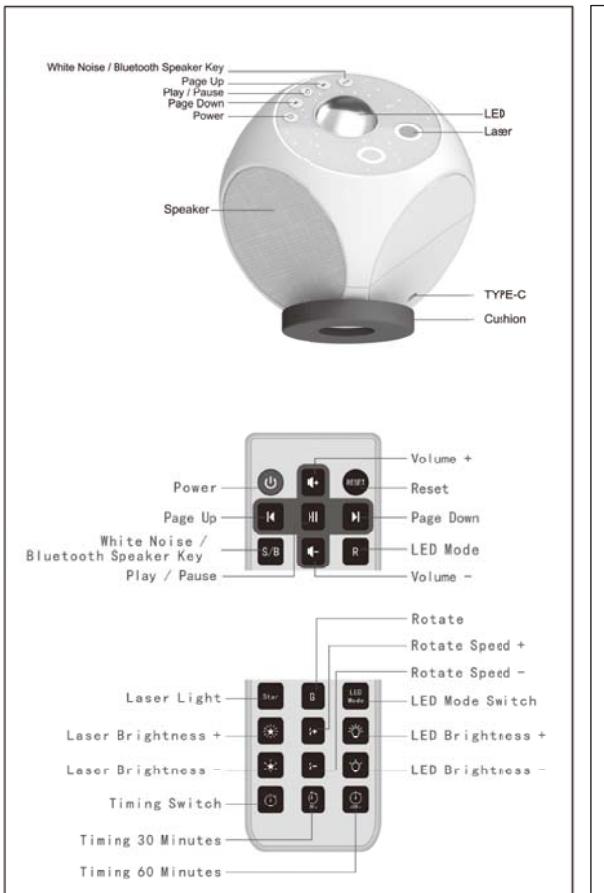

S8

Product parameters

Classification of lasers	Class 2
Laser wavelength	532nm
LED power	4.5W
Nebula color	Colorful (controllable monochrome)
Shell material	ABS + PC material
energy consumption	5W-10W
input power	5V 2A (Max3A)
Output Power	5V Max.2A 10W CV
Applicable environment	Indoor Home Theater Restaurant Bar Cafe
Operating temperature	10 C ~60 C degrees Celsius
Product Size	125mm x132mm x125mm
Power cord length	1M
TF Card	512M
Bluetooth	4.0
Trumpets	4Ω 3W

FCC Warning
 This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Radiation Exposure Statement
 This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
