### Product Introduction

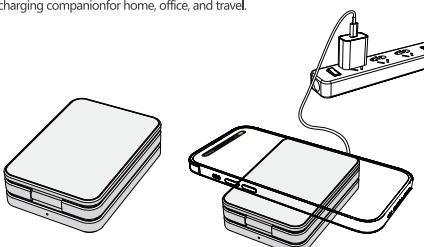

#### Thanks for choosing us!

This product is a multifunctional and foldable magnetic wireless charger, which can wirelessly charge mobile phones, earbuds, and watch at the same time. It is a convenient and portable 3-in-1 wireless charger. Please read the manual carefully before using the product, and keep it properly for checking.

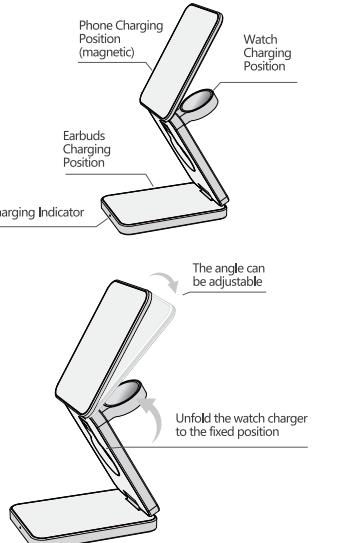

#### Using Instructions

##### ① This product has two forms: folding form and unfolded stand form.

1. Folding form: In the folded state, after connecting to the power supply, the top of the charger can charge the mobile phone (or earbuds with a wireless charging case) flatly. The foldable 3 in 1 wireless charger is small and compact, and it is easy to carry. It is a good charging companion for home, office, and travel.

2. Unfolded stand form: unfold the charger as shown in the figure (the charging position is marked in the figure), after connecting to the power supply, the charger enters into the standby state, and the indicator is shown as blue.

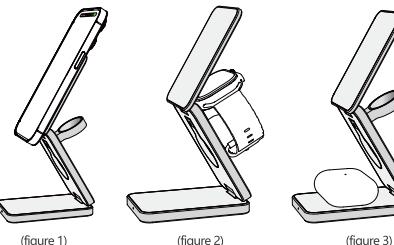

### Three Device Charging Models

The angle of the phone charging position can be adjusted arbitrarily, and the user can self-adjust according to comfort. After placing the phone (magnetic) charging position, the phone will automatically attract and start charging, and the indicator is shown as green and keep on. (As shown figure 1)

\*Watch charging position: As shown in the figure 2, first unfold the watch charger to a fixed position, then place the Watch on the charging position to charge. (As shown figure 2)

\*After placing the earbuds (with wireless charging case) on the earbuds charging position, the earbuds start to charge, the indicator is shown as green, and keep on. (As shown figure 3)
