Ultra Plus Reflect

A detailed view of the back of a green PCB. A large black LCD screen is mounted in the center. To the left of the screen is a yellow flexible display cable. The PCB features several circular cutouts and various electronic components, including capacitors (C28, C29, C30, C31), resistors (R16, R17, R18, R19), and a connector (CON1). The PCB is mounted on a light-colored surface.
