Dear Customer:
We are very appreciated that you chose our PB304 as your Walkman bluetooth speaker.Please read this instruction carefully before use to make the product more functional.It has not only gorgeous and fashionable exterior design but also pure and beautiful sound.The whole unit possesses design patent. It has advanced audio engineering,which makes you enjoy excellent acoustics whenever and wherever.

Notes:
Please store and use the unit under normal temperature environment;
Please don't expose the unit to the rain or humid environment;
Please don't throw the unit in order to avoid any damage;
Please don't disassemble and repair the unit by yourself;
Please don't discard or place the unit in the fire due to the built-in lithium battery.

Warm reminding:
1.For the sake of your hearing protection and the unit working life ,please don't listen to the music at high volume for a long time!
2.When there's a trouble with the unit,please immediately shut off the power and pull out the USB plug so as not to damage the loudspeaker and other components.
3.When there's a toot indication showing low power,please charge the lithium battery timely, because low power will affect the sound quality and the data transmission range,or the bluetooth will be easy to disconnect.
4.If the unit isn't used for a long time,please charge at least once in a month.This will be useful to protect the battery and extend its lifespan.
5.The unit has auto power-off function:if it is not connected or not working during 25 minutes, it will be shut down automatically.
