Attestation Letter for FCCID: 2ACZXT100C

To whom it may concern:

1. The label of the EUT is made of a black polypropylene laminate film and it's attached to the EUT by an adhesive.
The adhesive is permanent type with strong strength. Additionally, the label is readily visible to the purchaser at the time of purchase because the remote will be marketed without the battery installed.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tom Yoo'.
