Bluetooth Speaker

INSTRUCTION MANUAL

PLEASE READ ALL INSTRUCTIONS CAREFULLY AND  
RETAIN FOR FUTURE USE

**Getting Started**  
Remove product from packaging. Read instructions carefully before using the product and retain them for future reference. Retain the packaging to store the product, or dispose of (or recycle it) safely and properly.

**What's Included**  
\* Bluetooth Speaker  
\* USB Charging Cable  
\* Instruction Manual

**Features**  
\* Streams audio wirelessly from Bluetooth devices (or connect via a 3.5mm audio jack)  
\* Answers and makes calls with the built-in microphone (requires connection with a cellular phone)  
\* Delivers deep, rich sound from a portable and compact design  
\* Built-in battery can be recharged via USB

**Instructions for Use**  
  
**Charging the Internal Battery:**  
Fully charge the unit before use.  
1.Connect the USB cord to the port on the back of the speaker and insert the other end into a port on your computer or other suitable USB outlet.  
2.The LED on the side will show that the battery is charging. It will take 2-3 hours to fully charge the battery.

**LED Indicator:**  
\* LED Off - Power OFF  
\* Flashing Blue - Power ON  
\* Flashing Blue - Pairing Mode  
\* RED - Battery is recharging

**Placing the Speaker in Bluetooth Pairing Mode:**  
1.Press the power button to turn on the speaker.  
2.Wait 2-3 seconds until the LED light flashes blue. The speaker is now ready to be paired with another device.

Note: The speaker will remain in pairing mode for 1 minute. To place the unit in pairing mode again, simply turn the speaker off and then on again using the switch on the back of the unit.

**Pairing a Bluetooth Device with Your Speaker:**  
Your wireless speaker can stream audio from any Bluetooth-enabled device within 10m (33 feet).  
Simply follow the steps below:  
1.Turn the speaker on to place it in Pairing Mode.  
2.Set your phone, tablet or other device to search for Bluetooth devices (i.e., the speaker).  
3.When the speaker is found (clip tunes speaker), select it from the list.  
4.When the pairing process is complete, the LED will light a steady blue.

**Taking Calls on Your Speaker When Connected to a Phone:**  
1.Press **■** to pick up the call.  
2.During a call: Press **■** again to hang up the call.  
3.You can also answer/end calls by using your phone as you would normally.  
Note: If you are listening to music from your phone, the music will automatically pause.

**Controlling Music Playback When Connected via Bluetooth:**  
Once your Bluetooth audio source is successfully paired to your Bluetooth Speaker, any music played will automatically be heard through your speaker.  
1.Press **■** to play/pause the audio.  
2.Press and hold the **—** button to lower the volume level of the unit.  
Tap this button to go to the last track in a playlist.  
3.Press and hold the **+** button to raise the volume level of the unit.  
Tap this button to go to the next track in a playlist.

**Specifications**  
Speaker: 3W\*1

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.  
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
-- Reorient or relocate the receiving antenna.  
-- Increase the separation between the equipment and receiver.  
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
-- Consult the dealer or an experienced radio/TV technician for help.
