

WELCOME TO THE PEBBLEBEE FAMILY

Thanks for choosing Pebblebee. Now that you've received your Card you can join millions of users worldwide in tracking your valuables.

We hope that you will enjoy the peace of mind that the Pebblebee Card brings.

pebblebee® CARD

- Works with Apple Find My™
- Rechargeable battery
- Splash resistant
- Loud melody
- Track location
- Left Behind™ Alert

1 Charge your Card

Your new Card is rechargeable with the included magnetic charger. Please ensure your Card is fully charged before first use.

How to charge your Pebblebee Card

1. Plug USB end into a power adapter or a USB port, such as your laptop.
2. Place the magnetic charger on top of the pins on the back of the card (see picture below).
3. The LEDs on the Card will pulsate when charging and illuminate a solid light when it's fully charged.

Note: The battery cannot be removed. The Card includes a rechargeable battery that is not replaceable. Opening or tampering with the device voids warranty.

2 Works with Apple Find My

Pebblebee Card works with the Apple Find My network. With hundreds of millions of Apple devices around the world, advanced end-to-end encryption, and industry leading security, the Find My network lets users easily locate their belongings in the Find My app with the peace of mind that their privacy is protected.

Pebblebee Card can be used with the Apple Find My network **OR** the Pebblebee App on Google Play® and App Store®. Using the Apple Find My network prohibits the use of the Pebblebee App, and vice versa. You may not operate simultaneously on the Apple Find My network and Pebblebee network. In order to change networks, you must reset the device to factory settings.

Use of the Works with Apple badge means that a product has been designed to work specifically with the technology identified in the badge and has been certified by the product manufacturer to meet Apple Find My network product specifications and requirements. Apple is not responsible for the operation of this device or use of this product or its compliance with safety and regulatory standards.

Set up Card in the Find My app

To set up Card in the Find My app:

1. Double-press the Pebblebee logo on the front of the Card. You'll hear a confirmation sound.
2. Open the Find My app on your iPhone or iPad and tap "Items."
3. Next tap "+ Add New Item" and tap "Other Supported Item." Follow the instructions displayed in the app.

How to remove item from the Find My app

1. Navigate to the item page on the Find My app.
2. Scroll to the bottom.
3. Tap "Remove Item", then "Remove".

3 Works with Pebblebee App

1. PLEASE NOTE: If you chose the Pebblebee App to claim your Card, you will not have access to the Apple Find My network.

2. Download the free Pebblebee App for your Android or iOS phone and follow the in-app instructions.
3. Make sure that your phone's Bluetooth is enabled and that you've shared location permissions with the Pebblebee app. If you have any more questions, check out our setup guide on help.pebblebee.com.
4. Allow the Pebblebee app to always access your location. This is needed to allow the app to locate your valuables at all time. In case you lose your items, the App will notify you of the last known location.
5. Place the Card in your wallet or any other thing.

4 Factory resetting your Card

If you want to give your Card to a new owner to claim it, or if you would like to switch between the Apple Find My network and the Pebblebee network you will need to factory reset your Card with the following instructions:

1. Locate the Pebblebee logo on the front of the Card.
2. Triple press the logo (3x) then press and hold for 10 seconds. You'll hear a confirmation sound.

This will reset the device and allow you to reclaim it with the Apple Find My network **OR** the Pebblebee App.

pebblebee®

5 Use and care

Please ensure proper operations of your Card device.

Water Resistance

Your Card is splash resistant. This means that it's safe for water splashes. To preserve your device's life, we do not recommend submerging it in water.

Environmental Requirements

Keep the Card stored and operating in temperatures listed below. Avoid freezing weather and extremely hot temperatures to ensure best functionality.

Operating temp: 5°F to 11°F (-15 °C to 43 °C)
Storage temp: -1°F to 130°F (-23 °C to 54 °C)

Make sure that device is dry before charging it. Charging the device when it's wet voids warranty.

6 Limited warranty

Pebblebee offers a 1 year limited warranty against product defects, effective from the time of delivery. Product defects do not include those resulting from accident, water damage, product modification, or failure to follow instructions for use. If Pebblebee deems the product defective, Pebblebee will replace the device upon receipt.

Please contact support@pebblebee.com if you believe your device to be defective. Our support team can identify and resolve most issues and will be happy to provide exchange directions for devices that fall within the warranty.

7 Safe electronical disposal

When your device reaches the end of their useful life, please dispose of at your local e-waste center to be recycled and properly discarded, ensuring protection of our environment. Contact your local authorities to find a reputable and certified e-waste center near you.

9 Regulatory & safety information

FCC Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Industry Canada Compliance Statement

This device complies with Industry Canada's license-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

(1) L'appareil ne doit pas produire de brouillage.
(2) L'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

IC Caution: •
