

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1**

**EUT Housing and
Board View 2**

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled '042211', positioned vertically next to a black ruler. The ruler has white markings in millimeters (0 to 100) and centimeters (0 to 10). The component is rectangular with various electronic components and solder joints visible. The background is a light blue textured surface.
Solder Board-Component View 2	 A photograph of the same green PCB component from a different angle, showing the underside or a different side. It features a series of circular solder pads and components. The component is placed next to the same black ruler for scale. The background is the same light blue textured surface.

Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, likely a solder mask or a small board, placed on a blue surface. The component is rectangular and features several circular solder pads and some electronic components. A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters. The ruler is marked from 0 to 100 mm.
Antenna View	 A photograph of the same green PCB component, showing the antenna side. A red rectangular box highlights a specific area on the board, and a red line points from this box to a label. The label is a white rectangle with a red border containing the text "BT Ant.". A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters. The ruler is marked from 0 to 100 mm. BT Ant.
