

Quick Start Guide [DRAFT]

WHAT'S IN THE BOX

- Device
- Power adaptor
- Power Cable

PREPARE YOUR DEVICE

Prior to setting up your device, you need to make sure your companion device is set up and turned on. If you have recently purchased your companion device, follow the set up instructions that came with it. If you already have a companion device, make sure that it is turned on.

DOWNLOAD THE DEVICE APP TO YOUR MOBILE DEVICE

To download the Device App, go to your app store in your mobile device's app store.

During setup, you will connect your Device to the Internet, so you can access your Device services. Please make sure you have your Wi-Fi password.

You will also need an account. If you don't have one, you can create one in the Device App.

FOLLOW THE IN-APP SETUP INSTRUCTIONS

Launch the Device App and follow the setup instructions.

IMPORTANT PRODUCT INFORMATION

For safety, compliance, recycling, and other important information regarding your Device, please refer to the Legal & Compliance section on the Settings menu of your Device.
