SAFETY INFORMATION

MEATER 2 PLUS

Charger Battery Wattha	6W
Charger Battery Nominal Voltage	7.4V
Charger Battery Size	AAA Single Cell Lithium-polymer (1.5C) and 21 M x 21 M x 5 (Internal and IEC) Micro - 12.5 x 4 x 4
Charger Battery Capacity	
Charger Model Number	MC010
Probe Model Number	MT1PA2
Probe Battery Nominal Voltage	3.8V
Probe Capacity	3mAh
Operating Frequency	2402-2480MHz
Importer Name & Address	**Apption Labs** Inc. 1 Primrose Street London, EC2A 2EX, UK **MEATER** 3176 Cahuenga Blvd Studio City CA 91 604 United States **Apption Labs GmbH** Hardstrasse 201 8005 Zürich Switzerland

Read All Instructions Before Using

Please read this entire manual before using your MEATER product. FAILURE to follow these instructions could result in property damage, bodily injury, or even death. Keep this manual for future reference. If you transfer or sell the product, pass this manual to the same owner/user/operator if it is in reference.

WARNING

Burn Hazard

Failure to follow the warnings below may cause the MEATER probe to malfunction and lead to serious injury or burn.

Always insert the MEATER probe past the safety notch/line to ensure inserted point is used. product damage and personal injury.

DO NOT submerge the charging or probe in water. Exposure to liquid may cause damage to the product.

DO NOT place MEATER charging unit directly on the grill/stove or horizontal, hot surface.

DO NOT remove the probe while it is exposed to heat. Only remove the probe when cooled and removed from heat source. Use an oven mitt.

Always use eye protection when removing a probe that has exceeded the maximum temperature or come in contact with hot charcoals or direct flames.

If the probe falls into the fire or direct heat source, turn off the cooking appliance and cover the lid. Remove the probe using a heatproof and completely before removing.

DO NOT allow the probe to come in contact with hot charcoal or coals.

The probe will be hot during and after use. Wear heat resistant gloves when handling the probe.

Foodborne Illness Hazard

Consuming raw or undercooked meats, poultry, or seafood may increase your risk of foodborne illness. Always cook your food to USDA safe temperatures.

CAUTION

Product Damage Hazard

Always insert the MEATER probe past the safety notch to avoid damage.

DO NOT use the probe in a microwave or pressure cooker.

DO NOT clean the MEATER charging unit in any dishwasher.

DO NOT drop the probe onto hard surface.

DO NOT use cleaning products containing alcohol, ammonia or abrasives, or abrasive, and HAND CLEAN ONLY WITH WATER.

DO NOT run the probe under cold water immediately after cooking. Let the probe cool down prior to washing.

DO NOT exceed the probe's internal sensor limit of 527 F / 275 C in the ambient sensor limit of 212 F / 100 C. Exceeding above these maximums may damage the probe.

DO NOT expose the MEATER charging unit to moisture. Keep it covered in inclement weather, and do not put it into use.

Store the product in its own place when not in use. Keep out of reach of children. Use only for its intended purpose.

Sharp Point Hazard

Always keep kids and pets unsupervised away from fingers and eyes. Do not play, touch or injury. Keep out of reach of children.

Getting Started

Before using your MEATER Plus, ensure the product has been charged and you have reviewed the important safety information on this page.

If you need any assistance using your MEATER device or have any questions, please check out our Support Hub and FAQ's. If you need to speak to a member of our Technical Support staff, you can use the 'Support' Wizard to help navigate you to the correct team.

What is the maximum temperature MEATER can be used at?

The maximum temperature the ambient tip of the MEATER probes can withstand is 527 F (275 C).

The maximum temperature the internal temperature sensor can withstand is 212 F (100 C).

To ensure the safety of the probe, the MEATER app will alert you, where you get too close or have limits.

Make sure to always insert the MEATER probe into your meat past the safety notch to avoid damage to the internal sensor.

Important Safety Information

Chuccasi Grill Cooking

Always insert the MEATER probe past the safety notch.

Ensure the probe's firmly inserted into the thickest part of meat.

DO NOT cook with MEATER if the probe can't be inserted past the safety notch.

Always wash your hands after handling raw meat.

Place the meat over indirect heat on your grill.

DO NOT immerse the probe, grill or charging unit in water.

Always use eye protection when removing a probe that has exceeded the maximum temperature or come in contact with hot charcoals or direct flames.

Carefully remove the meat from the grill when prompted by the MEATER app.

DO NOT remove the probe from the meat while on the grill.

Ensure the ambient temperature has reduced to safe levels before removing the probe.

If the probe is difficult to remove, use a towel or oven mitt to hold the meat while you twist the probe against the wind.

Slice the grilled, cooked, also cut levels so your steak was direct to the MEATER app for a delicious finish.

Only cook meat & seared, serve and enjoy!

General Information

Information for the User

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

MEATER Charger Model Number: MT-Chrc
MEATER Probe Model Number MT1 Plus
MT Plus: FCC ID: 2ASJR-TM
MT Plus: IC: 23906-TM
Made for Headroom Systems

MEATER Probe
Li-Po 3.8V, 3mAh
Cell: CSSL-L 82 - 1640-450

MEATER Plus
Li-Po 3.8V, 3mAh
Cell: CSSL-L 82 - 1640-450

Hereby, Apption Labs Ltd declares that the radio equipment type MEATER Plus (MT-Chrc) & MEATER Probe (MT1 Plus, MT-Pro) is in compliance with Directive 2014/53/EU

The product complies with the Radio Equipment Directive and applicable standard, as well as the food contact requirements (1/10)

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Apption Labs is under license. Other trademarks and trade names are those of their respective owners.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

IC Statement

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil contient des émetteurs / récepteurs exempts de licence qui sont conformes aux CNR (s) exempts de licence d'Innovation, Sciences et Développement économique Canada. L'exploitation est autorisée aux deux conditions suivantes:

1. Cet appareil ne doit pas provoquer d'interférences.
2. Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil.

IMPORTANT NOTE

IC Radiation Exposure Statement

This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.

Limited Warranty and Return Policy

Apption Labs hereby warrants that the MEATER Plus is free from defects in parts, materials, and workmanship under normal use and maintenance for a period of one (1) year from the date of purchase. This warranty is valid only for the original purchaser of the product and only in the countries from the date of original purchase. This warranty does not include shipping charges associated with any warranty parts or products.

Apption Labs shall not be liable under this or any implied warranty for incidental or consequential damages. This warranty gives the retail customer specific legal rights, and the customer may have other rights which vary by state and country.

This warranty shall be void if the MEATER product is not assembled or operated in accordance with the provided user instructions, the product is misused or abused, the product is modified or repaired by anyone other than Apption Labs or its authorized service centers, the product has been used in a commercial, or food service application, or the unit has abused or otherwise failed to maintain the product.

To process a warranty claim, Apption Labs may require proof of your purchase. You should retain your sales slip or invoice.

Full warranty and return policy contents found on our online website: **meatercom/warranty-returns**.

Full company policies can be found on our online website: **meatercom/support**, and supersedes any information found in this user guide.

Should any repairs or servicing under this warranty be required by you during the limited warranty terms please contact the Customer Happiness Team at: **meater.com/support**.

Recycling and WEEE

The below section details MEATER's compliance with WEEE disposal of waste electrical and electronic equipment.

Austria
Elektroaltgeräte-EU-Recht in nationales Recht umgesetzt.
Der Umwelt zuzuführen sind ebenso Elektro- und Elektronikgeräte aus privaten Haushalten bestimmte an öffentlichen Sammelstellen zurückgegeben werden können.

Belgium
Elektro- und Elektronik-Altgeräte dürfen nicht mehr zu gemischten Siedlungsabfall entsorgt werden sondern müssen bei den dafür eingerichteten Sammelstellen abgegeben werden. Die Rücknahme ist für den Endverbraucher kostenlos. Der Vertreiber ist verpflichtet, Altgeräte zurückzunehmen. Dies gilt auch für Vertreiber, die Elektro- und Elektronikgeräte verkaufen, die ihrer Art und Funktion nach mit den vom Endverbraucher zurückgegebenen Altgeräten gleichartig sind und in seinen Hauptabmessungen die äußeren Abmessungen eines neuen Gerätes nicht überschreiten. Zudem können nur Geräte zurückgenommen werden, die so gereinigt sind, dass von ihnen keine Gefahren für die Gesundheit und Sicherheit des Personals ausgehen und die ohne unverhältnismäßigen Aufwand getrennt werden können. Elektro- und Elektronikgeräte dürfen nicht über den Hausmüll entsorgt werden. Diese Geräte können kostenlos unter dem Link aufgeführten Sammelstellen abgegeben werden und dürfen nicht über den Hausmüll entsorgt werden.

Germany
Ausgediente gebrauchte Lucid - Altgeräte gesetzlich.

Rücknahmepflicht von Altgeräten.

Elektro- und Elektronikgeräte
Stoffliche Verwertung und Beseitigung von Altgeräte
Das Elektro- und Elektronikgerätegesetz (ElektroG) enthält eine Vielzahl von Anforderungen an den Umgang mit Elektro- und Elektronikgeräten. Die wichtigsten Anforderungen sind folgende:
1. Getrennte Erfassung von Altgeräten
Elektro- und Elektronikgeräte, die zu Abfall geworden sind, werden als Altgeräte bezeichnet. Besitzer von Altgeräten haben diese einer umweltgerechten Verwertung und Beseitigung zu zuführen. Altgeräte gehören insbesondere nicht in den Hausmüll, sondern in spezielle Sammel- und Rückgabesysteme.
2. Rückgabemöglichkeiten für Besitzer privater Haushalte
Besitzer von Altgeräten haben Altbatterien und Altakkumulatoren, die nicht von Altgerät umschlossen sind, sowie Lampen, die zerstörungsfrei vom Altgerät entfernt werden können, vor der Abgabe an einer Erfassungsstelle vom Altgerät zu trennen. Dies gilt nicht, soweit Altgeräte einer Vorbereitung zur Wiederverwendung unter Beteiligung einer öffentlich-rechtlichen Entsorgungsträgers zugeführt werden.
3. Möglichkeiten der Rückgabe von Altgeräten
Besitzer von Altgeräten aus privaten Haushalten können diese bei den kommunalen der öffentlich-rechtlichen Entsorgungsträger oder bei den von diesen eingerichteten Sammelstellen unentgeltlich abgeben. Rücknahmestellen unentgeltlich Altgeräte zurückgenommen werden. Dies gilt auch für Vertreiber, die Elektro- und Elektronikgeräte vertreiben, die ihrer Art und Funktion nach mit den vom Endverbraucher zurückgegebenen Altgeräten gleichartig sind und in seinen Hauptabmessungen die äußeren Abmessungen eines neuen Gerätes nicht überschreiten. Bei Verkaufsflächen von weniger als 400 qm für Elektrogeräte mit einer Kantenlänge unter 25 cm kann jeder Endverbraucher Altgeräte, die keine äußeren Abmessungen größer als 25 Zentimeter sind, unentgeltlich und ohne Verpflichtung zum Kauf eines Elektrogerätes zurückgeben.
4. Datenschutz-Hinweis
Altgeräte enthalten häufig personelle personenbezogenen Daten. Dies gilt insbesondere für Geräte der Informations- und Telekommunikationstechnik wie Computer und Smartphones. Bitte beachten Sie in Ihrem eigenen Interesse dass für die Löschung der Daten auf den zu entsorgenden Altgeräten jeder Endnutzer selbst verantwortlich ist.
5. Bedeutung des Symbols „durchgestrichene Mülltonne"
Das auf Elektro- und Elektronikgeräten regelmäßig abgebildete Symbol einer durchgestrichenen Mülltonne weist darauf hin, dass das jeweilige Gerät am Ende seiner Lebensdauer getrennt vom unsortierten Siedlungsabfall zu erfassen ist.

Denmark
Affald af elektronisk udstyr (EE) Indeholder materialer, komponenter og stoffer, der kan være farlige og skadelige for menneskers sundhed og for miljøet, hvis affaldet af elektronisk udstyr (WEEE) ikke behandles korrekt.
Producer, der er mærket med kædevognen overkrydsede skraldespand, er underlagt og elektronisk udstyr. Den overkrydsede skraldespand indikerer, at affald af elektronisk udstyr ikke må bortskaffes sammen med husholdningsaffald, men skal indsamles særskilt.
Til dette formål har udstyrets ejere adgang til gratis indsamlingsordninger, hvor affald af elektronisk og elektronisk udstyr gøres tilgængeligt for indsamling.
Ejere af affald af elektronisk udstyr er ansvarlige for at sikre, at affald af elektronisk udstyr, der skal indsamles, behandles korrekt og miljøvenligt.
Behandling
Behandling af elektronisk udstyr omfatter enhver handling, hvorved affald af elektronisk og elektronisk udstyr sørger mere end elektronisk udstyr, og
ejer muligheder for genbrug, genanvendelse og nyttiggørelse af affald af elektronisk og elektronisk udstyr.

Ireland
Waste Electrical and Electronic Equipment (WEEE)
Waste Electrical and Electronic Equipment (WEEE) is taken back free of charge on a one-for-one, like-for-like basis. Waste batteries including rechargeable batteries and lamps that are contained in WEEE must be removed from the WEEE by the end user before disposal. Batteries and lamps from household WEEE are covered batteries free of charge at EU recycling facilities. All WEEE and waste batteries must be re-presented or should not be placed in any of your household wheelie bins. Make sure you always recycle all your old electrical goods and batteries.
