▶ GETTING STARTED

CHECKING THE PACKAGE CONTENTS
After opening the package, check all items in the list are included in the package.
If items are missing, please contact your dealer.

1. PURDIO MMCX Bluetooth Cable MX840 ("PURDIO MX840") × 1
2. Micro-USB Charging Cable × 1
3. Cable Management Clip × 1
4. Carrying Pouch × 1
5. User Guide × 1

USER GUIDE
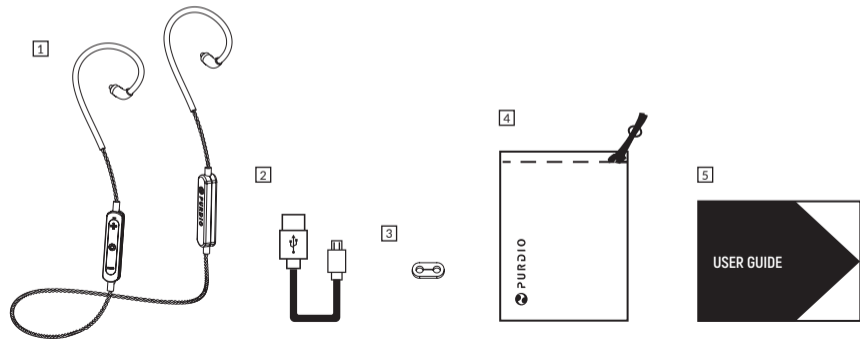

▶ GETTING STARTED

PURDIO MMCX BLUETOOTH CABLE MX840 OVERVIEW

1. (R) Right Unit

2. (L) Left Unit

3. Microphone
   Picks up the sound of your voice when talking on the phone.

4. Multi-function Buttons
   O Button – Power / Play / Pairing
   + Button – Volume Up / Next Song
   – Button – Volume Down / Previous Song

5. Indication LED
   • Flashing red or blue light to indicate the power communication status of
     the PURDIO MX840.
   • Lights up in red during charging.
   See section "LED Indications" for more information.

6. Micro-USB Charging Port
▶ GETTING STARTED

POWERING ON / OFF

Turning On
When turning on PURDIO MX840 by pressing and holding the
O button for about 2 seconds when the PURDIO MX840 is turned off.
(Blue LED will be light up two seconds and a voice prompt "Power ON" will be followed.)

Turning Off
When turning off the PURDIO MX840 by pressing and holding the O button for about 2 seconds.
(Red LED will be light up two seconds and a voice prompt "Power OFF" will be followed.)
► CHARGING THE BATTERY

CHARGING

PURDIO MX840 contains a lithium-ion rechargeable battery. Charge it
using the supplied Micro-USB cable.

Connect the small end of the USB cable into the Micro-USB Charging Port,
and then connect the other end to USB wall charger or a booted computer.

Make sure that the LED indicator lights up in Red while charging.

Charging is completed in about 2 hours (*) and the LED indicator will be
changed to Blue light automatically when charge is completed.
Time required for charging the empty battery to its full capacity.

► CHARGING THE BATTERY

CHECKING BATTERY LEVEL

1. If PURDIO MX840 battery level is lower than 5% when you are listening music, there will be a voice prompt announces "Battery Low" and the Red LED indicator will be flashing twice in each minute to notify you to charge it.
   For more information, please see "LED INDICATIONS" section

2. PURDIO MX840 will be turned off automatically when the battery level is 0%.

3. The remaining battery level is shown only on the screen of an iPhone, iPad, or iPod touch (iOS 5.0 or later) that supports HFP (Hands-free Profile).

4. Make sure that the iPhone, iPad or iPod touch is connected with the PURDIO MX840 cable. Otherwise, the remaining battery level will not be displayed correctly.

▶ CONNECTING WITH YOUR IN-EAR MONITORS

TO CONNECT THE PURDIO MX840

1. Identify the left and right of PURDIO MX840 by the (L) and (R) on the tips of the cable.

2. Match the cable to the appropriate in-ear monitors

3. Plug the cable into the in-ear monitors by shoving the tip of the cable into the MMCX socket.

Left   Right
TO DISCONNECT THE PURDIO MX840 FROM YOUR IN-EAR MONITORS

Grasping the in-ear monitors and the tips of the cable firmly with each hand and pulling out at a straight direction from the socket.

⚠ *NOTE: DO NOT HOLD ON THE BODY OF CABLE OR HAVE AN ANGLE WHEN UNPLUGGING THE PURDIO MX840 FROM YOUR IN-EAR MONITORS.*

▶ CABLE MANAGEMENT CLIP

TO ADJUST THE LENGHT OF CABLE

Use the provided clip to anchor the cable to a comfortable length with not flopping around as much.

* Volume was set to 50%. Testing consisted of full PURDIO MX840 battery discharge while playing audio until the first PURDIO MX840 stopped playback. Battery life depends on device settings, usage, and many other factors.
"This product specifications and data are subject to change without notice to improve reliability, function or otherwise."

▶ IMPORTANT SAFETY INSTRUCTIONS

Please read and keep all safety and use instructions.

⚠ WARNINGS / CAUTIONS
- Do NOT use the PURDIO MX840 at a high volume for any extended period.
- To prevent hearing damage, use your PURDIO MX840 at a comfortable, moderate volume level.
- Turn the volume down on your device before using the PURDIO MX840, and then turn the volume up gradually until you reach a comfortable listening level.
- Use caution and follow applicable laws regarding mobile phone and headphone use if using the PURDIO MX840 for phone calls while driving. Some jurisdictions impose specific limitations, such as single earpiece configuration, on the use of such products while driving. DON'T use the PURDIO MX840 for any other purpose while driving.
- Focus on your safety and being alert if you use the PURDIO MX840 while engaging in any activity, e.g., while riding a bicycle or walking in or near traffic, a construction site or railroad, etc. Remove the PURDIO MX840 or adjust your volume to ensure you can hear surrounding sounds, including alarms and warning signals.
- Do NOT use the PURDIO MX840 if they emit any loud unusual noise. If this happens, turn the PURDIO MX840 off and contact ODOYO customer service.
- Do NOT sink or expose the PURDIO MX840 for extended period to water, or wear while participating in water sports, e.g., swimming, waterskiing, surfing, etc.
- Do not use Alcohol, paint thinners, detergent, shampoo, or other solvents for cleaning purpose.
- Do not wash the PURDIO MX840 in washing machine.
- Remove PURDIO MX840 immediately if experience a warming sensation or loss of audio.
- Do NOT use mobile phone adapters to connect PURDIO MX840 to airplane seat jacks, as this could result in injury or property damage due to overheating.

It contains small parts which may be a choking hazard. Not suitable for children under age 3.

This product contains magnetic material. Consult your physician on whether this might affect your implantable medical device.

- Do NOT make unauthorized alterations to this product.
- Use this product only with an agency approved power supply which meets local regulatory requirements (e.g., UL, CSA, VDE, CCC).
- Do not expose products containing batteries to excessive heat (e.g. from storage in direct sunlight, fire or the like).

▶ IMPORTANT SAFETY INSTRUCTIONS

REGULATORY INFORMATION

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced technician for help.

Changes or modifications not expressly approved by ODOYO International Limited could void the user's authority to operate this equipment.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's (or your) authority to operate the equipment. Avoid storage in extreme heat or cold. Avoid exposure to liquids, temperature extremes and high humidity. The product's working temperature range is 0–45°C (32–113°F).
This device complies with FCC/IC radiation exposure limits set forth for an uncontrolled environment.
This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by ODOYO International Limited is under license.

The aptX® mark and the aptX logo are trademarks of CSR plc or one of its group companies and may be registered in one or more jurisdictions.

PURDIO MX840 don't turn on	• Power on the PURDIO MX840 (see "Powering ON / OFF" section). • Charge the battery.
Charging cannot be done	• Securely connect the small end of the Micro-USB cable to the USB charging port. Make sure the connector on the cable is correctly aligned with the connector on the PURDIO MX840. • Check that you are using the Micro-USB cable supplied. • Check and secure both ends of the USB cable connected firmly. • Make sure your PURDIO MX840 return to room temperature after it has been exposed to high or low temperatures, then try charging again
The remaining battery level of the PURDIO MX840 is not displayed on the screen of an iPhone, iPad, or iPod touch.	• The remaining battery level is shown only on the screen of an iPhone, iPad, or iPod touch with iOS 5.0 or later version that supports HFP (Hands-free Profile). • Make sure that the iPhone, iPad or iPod touch is connected with the PURDIO MX840. Otherwise, the remaining battery level will not be displayed correctly.

▶ **TROUBLESHOOTING**

PROBLEM	WHAT TO DO
PURDIO MX840 don't pair with Bluetooth® device	• On your Bluetooth® device: • Turn the Bluetooth® feature on and then off. • Delete your "MX840" from the Bluetooth® list on your device. Then pair again. • Move your Bluetooth® device closer to the headphones and away from any interferences or obstructions. • Pair a different Bluetooth® device (see "Pairing Your Bluetooth® Device" section).
In-ear monitors falling off	• Securely attach the in-ear monitors to the PURDIO MX840 (see "Connecting With Your In-ear Monitors" section).
No Sound	• Power on the PURDIO MX840 and charge the battery. • Increase the volume on your Bluetooth® device and PURDIO MX840. • Press the Power / Bluetooth® button to hear the beeping of connected device. Make sure you are using the correct device.

▶ TROUBLESHOOTING

PROBLEM	WHAT TO DO
No Sound	• Move your Bluetooth® device closer to the PURDIO MX840 and away from any interferences or obstructions. • Use a different music source. • Pair a different Bluetooth® device (see "Pairing Your Bluetooth® Device" section). • If two Bluetooth® devices are connected, pause the playing device first and then play the other device. • If two Bluetooth® devices are connected, move the devices within (30ft. or 10m) range of the PURDIO MX840.
Distorted Sound	• Keep the PURDIO MX840 away from a microwave oven, Wi-Fi device, etc.
No voice from callers	• Check that both the PURDIO MX840 and the connected device are turned on. • Turn up the volume of the PURDIO MX840 and the connected device. • Check that output of the Bluetooth® device is set for the PURDIO MX840. • If you are listening to music using the PURDIO MX840, end the call and stop the music on your Bluetooth® device, and call back the caller and talk.

▶ LIMITED WARRANTY

ODOYO International Limited ("Company") provides a limited warranty to the original retail purchaser of the PURDIO MX840 ("Product") that should the Product or any part thereof be proven effective in material or workmanship within for a period of One-Year from the date of the original purchase only from authorized ODOYO dealers or ODOYO official website at www.odoyo.com, such defects will be whether repaired or replaced are at the company sole option.

Exclusions:
ODOYO's One-Year Limited Warranty does not cover misuse, accident, mishandling, worn out, or abuse; damage to any non-ODOYO product, including, but not limited to device damage or loss of data; customized or custom printed product; product purchased through 3rd party retailers, unauthorized re-sellers, deal sites (including, but not limited to, Groupon, etc.), liquidation sites, auction sites (including, but not limited, to eBay, Quibids, etc.); promotional items; or incidental or consequential damages. You specifically agree that ODOYO shall not be liable for any special, incidental, indirect, punitive, or consequential damages for breach of any warranty of any type of any ODOYO products. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

Except as set forth above, ODOYO makes no express or implied warranties and ODOYO expressly disclaims any and all warranties including any warranty of quality, merchantability, or fitness for a particular purpose. Some jurisdictions do not allow the exclusion of implied warranties or limitation on how long an implied warranty may last, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from different states (or by country or province).

Notwithstanding the foregoing, gradual deterioration in battery performance due to being left in a discharged state, left in cold conditions for long periods of time, or worn out through heavy use is not covered.

For consumers who are covered by consumer protection laws or regulations in their country of purchase or, if different,

► LIMITED WARRANTY

their country of residence, the benefits conferred by this warranty are in addition to all rights and remedies conveyed by such consumer protection laws and regulations.

The Company reserves all rights not expressly granted here. To view the complete warranty, please visit www.odoyo.com/warranty.

HOW TO MAKE A CLAIM

1. Purchased through Authorized Re-sellers / Retailer

In the event of the original retail purchaser through authorized ODOYO re-sellers/authorized ODOYO retailer, generally purchaser must contact the authorized ODOYO re-sellers / authorized ODOYO retailer or their local Authorized Distributor for the eligible defective claims.

2. Purchased direct from ODOYO website

In the event of a Product possible Defect that bought from ODOYO official website (www.odoyo.com), please read the following instructions carefully.

► FCC STATEMENT

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1)this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
This device has been evaluated to meet general RF exposure requirement. The device can be used in Portable exposure condition without restriction.
