TRANSMISSION ANTENNA SPECIFICATIONS

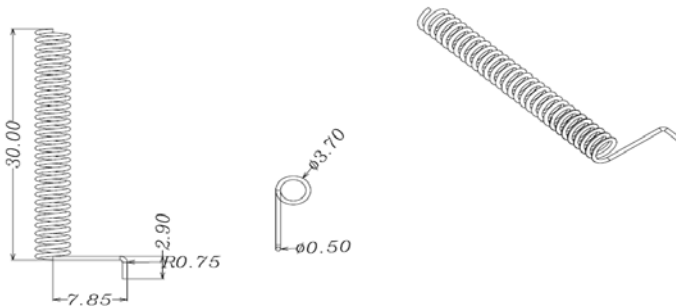

Applicant: Wireless transmitter systems

Product: FSK 915.8 Mhz,

Model: 261500003120

Issue Date: 2020-05-02

Single Flexible cord photo:

Inner copper size: 0.5mm

Outer line size: 3.7mm

Length: 10mm

Color: White

Application Photo:

RF Type: Only TX function

Operating center frequency: 915.8MHZ

Frequencies range: +/-100Khz

Maximum Transmission power (in dbm or mW) : 0.5mW

Type of antenna: Integral Antenna

Antenna Gain (dBi): - 3.92

Duty cycle : '0.4%

Comments : Non- specific short range devices (Non-adaptive)
