

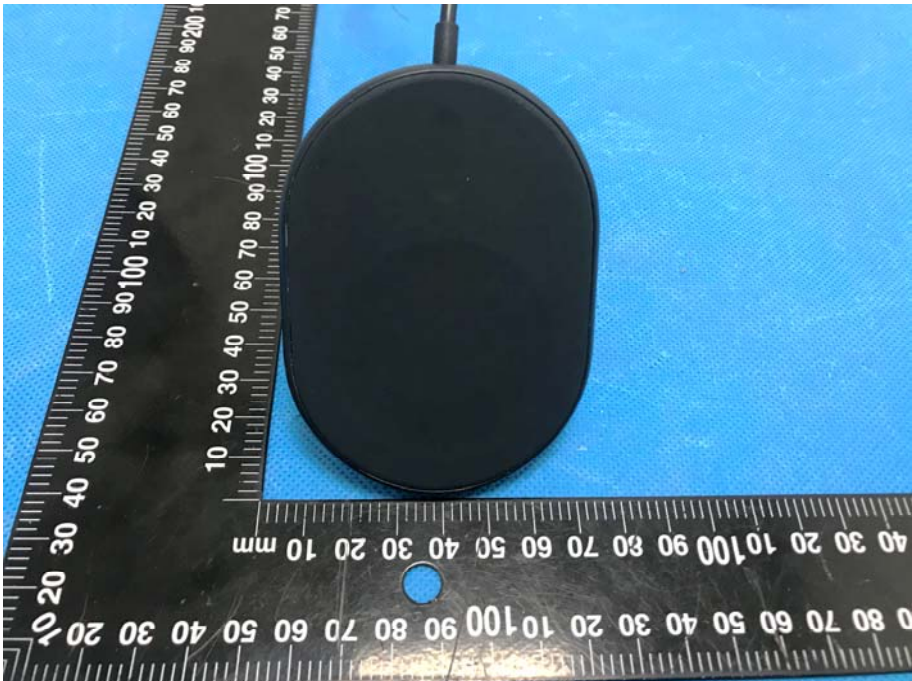

**EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS**

|                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p><b>EUT View 1</b></p> |  A photograph showing a black, oval-shaped electronic unit (EUT) lying on a blue textured surface. A black cable is connected to the top of the unit and extends upwards. Next to the unit is a small, black, cylindrical component. A black ruler with white markings is placed horizontally below the unit, showing measurements in centimeters and millimeters. The ruler is oriented with the 0 mark on the left and the 100 mark on the right. |
| <p><b>EUT View 2</b></p> |  A close-up photograph of the black, oval-shaped electronic unit (EUT) from a different angle. The unit is placed on the same blue textured surface. A black ruler with white markings is placed horizontally below the unit, showing measurements in centimeters and millimeters. The ruler is oriented with the 0 mark on the left and the 100 mark on the right.                                                                                |

|                   |                                                                                     |
