

User Manual

Product Content

First check you have the following items within the packaging:

- ☒ Remote Control
- ☒ Omni Box
- ☒ Power Supply
- ☒ HDMI Cable

Connection

- ☒ Connect one end of the HDMI Cable to the Omni Box and the other to HDMI port on your TV
- ☒ Connect LAN Cable to Omni Box
- ☒ Connect the Power Supply to the Omni Box

It is recommended to power down your TV or unit when connecting HDMI cables. Connect your device following the diagram above. Please insert 2 AAA batteries into the remote. Follow the on screen wizard to complete the setup of your Omni Box as soon as it boots up.

For any technical issues you can simply hit help on the main screen and a full list of topics will be presented. You can also visit our website and chat on our forum if you have any questions.

Key Features

CPU:	Amlogic S905W up to 2.0 GHz, QuadCore ARM Cortex-A53
GPU:	Mali-450 penta-core, up to 750MHz+(DVFS)
SDRAM:	1GB DDR3
FLASH:	8GB
WiFi:	Built in 2.4G WiFi Support IEEE 802.11 b/g/n
LAN Ethernet:	10M/100M
OS:	Android 7.1
Video Decoder:	4K,H.265,MPEG1/2/4,H.264, HD AVC/VC-1,RM/RMVB,Xvid/DivX3/4/5/6 ,RealVideo8/9/10
Decoder Format:	4K@30fps, H.265, AVI, H.264, VC-1, MPEG-2, MPEG-4, DIVD/DIVX, Real8/9/10, RM,RMVB, PMP, FLV, MP4..
Music Format:	MP1, MP2, MP3, WMA, OGG, AAC, M4A, FLAC, APE, AMR, RA, WAV
Photo Format:	JPEG/BMP/GIF/PNG/TIFF
Network Function:	Miracast, Airplay, Skype chatting, Picasa, Youtube, Flicker, Facebook, Online movies, etc...
Languages:	24 Languages
OTA:	Support OTA Update

Volume Down

Cursor Mode: Press to use navigation button as cursor.

Warning Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
