

WARRANTY: Akervall Technologies Inc. ("ATI") warrants that there are no defects in the materials or workmanship of the SISU® Mouth Guard that cause damage or injury to the sound, natural teeth that are actually covered by SISU® Mouth Guard, when properly used in a supervised athletic contest or coach-supervised training session, in strict compliance with all instructions provided by ATI. This warranty shall extend for a period of one (1) year from the date of purchase. ATI's obligations in the event of a breach of this warranty shall be limited to the lesser of: (1) the actual dental expense incurred by the user; or (2) \$1,094 per injured or replaced tooth, up to a maximum liability of \$35,000 per incident. For clarification, this warranty only covers injured or replaced teeth that were actually covered by the SISU® Mouth Guard at the time of the applicable incident, and does not cover teeth with previous conditions, defects, dental work, injuries, or any issues that may weaken the teeth. ATI's obligations hereunder shall be reduced by the amount of any insurance that the user receives or may claim for the damage or injury. This warranty does not provide payment or indemnity for orthodontic treatments or preparation of a tooth to be used as an anchor for a bridge. The foregoing shall be ATI's sole and exclusive remedy associated with a breach of this warranty.

ATI shall have no responsibility or liability hereunder unless: (1) the mouth guard was unaltered and fitted by claimant in strict accordance with the printed instructions accompanying this warranty, (2) a complete written notice of the injury or damage is received by ATI within thirty (30) days after the occurrence of the injury or damage, (3) the notice of injury is substantiated by a statement of a licensed dentist providing necessary dental treatment within thirty (30) days after the date of injury or damage, including a certification that the affected tooth or teeth would have been covered by the SISU® Mouth Guard if properly used, and a statement of a participating game official, if a supervised contest, or a supervising coach or school superintendent, if a training session, that the mouth guard unit was in proper use at the time of injury, and (4) the written notice of injury and the mouth guard unit must be returned to ATI within 30 days of the injury with proof of shipping be it certified mail or USPS Tracking. Proof of shipping is required. This warranty will not apply if the mouth guard is stretched, trimmed or otherwise altered or misused, or used outside of a supervised athletic contest or coach-supervised training session.

DISCLAIMERS: THIS WARRANTY IS THE EXCLUSIVE WARRANTY GIVEN BY ATI AND IS MADE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF A DEALING, CUSTOM, USAGE OR TRADE. EXCEPT AS IS OTHERWISE EXPRESSLY PROVIDED HEREIN, ATI DISCLAIMS ALL LIABILITY FOR LOSS, INJURY OR DAMAGE BASED UPON NEGLIGENT DESIGN OR DEFECTS IN MATERIALS AND WORKMANSHIP FOR THE MOUTH GUARD. ATI SHALL NOT BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, EXEMPLARY, PUNITIVE OR CONSEQUENTIAL DAMAGES. THIS WARRANTY DOES NOT APPLY TO ANY CONSUMABLE PARTS, SUCH AS BATTERIES OR MATERIALS THAT ARE DESIGNED TO DIMINISH OVER TIME, UNLESS FAILURE HAS OCCURRED DUE TO A DEFECT IN MATERIALS OR WORKMANSHIP; TO COSMETIC DAMAGE; OR TO SOFTWARE (EVEN IF PACKAGED OR SOLD WITH THE SISU® MOUTH GUARD OR EMBEDDED IN THE SISU® MOUTH GUARD). ATI IS NOT RESPONSIBLE FOR DAMAGE ARISING FROM NORMAL WEAR AND TEAR; FAILURE TO FOLLOW INSTRUCTIONS RELATING TO THE SISU® MOUTH GUARD'S USE; LOSS OR THEFT; DISASSEMBLY OR ALTERATIONS; ACCIDENT, ABUSE, MISUSE, OR OTHER EXTERNAL CAUSES; OR EXPOSURE TO LIQUIDS, EXTREME THERMAL CONDITIONS, OR OTHER ENVIRONMENTAL CONDITIONS.

Keep this dental warranty, disclaimer and store receipt in your records. In case of injury, mail mouthguard, store receipt, the notice of injury and accompanying statements to:
Claims at Akervall Technologies Inc., 1512 Woodland Dr., Saline, MI 48176

Regulatory Compliance information:
ISED Canada & FCC compliance statement
FCC: 2ARCA2
IC: 24416-02 HVIN: 02

This device complies with part 15 of the FCC Rules and contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- 1) l'appareil ne doit pas produire de brouillage;
- 2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The installer of this radio equipment must ensure that the antenna is located or pointed such that it does not emit RF field in excess of Health Canada limits for the general population; consult safety code 6, obtainable from Health Canada's website: www.hc-sc.gc.ca/rpb.
