

Quick Start Guide

A282U Portable Printer

English

1. Product Introduction

1.1 Packing List

- Printer
- Quick Start Guide
- Power Button
- Sticker Label
- Type-C Cable
- Single-sided Thermal Paper (10 sheets)

1.2 Printer Parts Introduction

2. Getting Started

2.1 Downloading the App

Method 1: Search for the "Phosorin" app on App Store or Google Play for download and installation.

Method 2: Scan the QR code. You can use the mobile printing app on the phone's camera, the built-in QR code scanning feature of your browser, or a dedicated scanning app.

2.2 Paper Installation Guide

- Open the power indicator to load paper until the indicator light is green to power up the printer.
- Click on the power button to restore the printer's previous paper.
- Place the paper into the paper entry slot. The paper cover will automatically pop up.
- Press the paper with the feet on the Paper Entry Slot until the printer automatically pulls it in and the indicator light is lit green, signaling paper insertion is complete.

2.3 User Guide: Printing via Mobile App

- Open the "Phosorin" app.
- Click for the printer to be searched.
- Connection successful, click on print image.
- Select the image to be printed.
- Tap (Connect Now).
- Tap (Print).

2.4 Additional Instructions
