7) External Photos

Clear sharp focused photographs showing the exterior appearance of the device. As many photographs as necessary to show all external features of the device, are required The antenna used with the device (if external). Caps / covers must be removed from all connectors. All photos are to be placed in a single PDFed exhibit.

Product: Sensor US

Figure 1: Image of front side of **PN 100541** Sensor US, DT white unprinted Sensor (Node0), single, with backing tape

Figure 2: Images of back side of **PN 100541** Sensor US, DT white unprinted Sensor (Node0), single, with transparent backing tape. In the image to the right, the protection foil of the transparent backing tape has been removed. The transparent backing tape is present to enable easy assembly onto e.g. a wall.
