Portable Charger Features

Features

- 1 - Qi Wireless Surface
- 2 - Wireless Charge Indicator
- 3 - Lightning Input
- 4 - USB-C Input/Output
- 5 - USB-A Output
- 6 - LED Charge Indicators
- 7 - LED Battery Display

Technical Specifications

Component: PWB1085SG
Cell Type: Lithium Ion Polymer, 10,000mAh
Input 1: Lightning 5V, 1.8A
Input 2: USB-C 5V, 2.4A
Output 1: USB-C 15W 5V, 3.0A
Output 2: USB-A 12W 5V, 2.4A
Output 3: 5W Qi Wireless
Battery Indicator: 7-Segment, 3 digit LED
Dimensions: 137 x 65.5 x 18.4 mm (5.4 x 2.6 x .7 in)
Weight: 250g (8.82 oz)

Your wireless power bank is designed to provide optimal power delivery for your wireless device: Up to 5W wireless charging for Wireless Charging Case for AirPods® and other compatible devices

Wireless Charging Case for AirPods and Lightning are trademarks of Apple Inc., registered in the U.S. and other countries.

Warranty

At Ubio Labs, we are dedicated to designing and manufacturing products with superior performance and 100% customer satisfaction. All of our products come with a 1 year limited warranty from date of purchase.

We are always improving our products' features and functionality. We reserve the right to change product specifications at any time without notice.

Important Safety Instructions

WARNING – When using this product, basic precautions should always be followed, including the following:

- a) Read all the instructions before using the product.
- b) To reduce the risk of injury, close supervision is necessary when the product is used near children.
- c) Do not put fingers or hands into the product.
- d) Do not expose power bank to rain or snow.
- e) Use of a power supply or charger not recommended or sold by power bank manufacturer may result in a risk of fire or injury to persons.

- f) Do not use a power bank in excess of its output rating. Overloaded outputs above rating may result in a risk of fire or injury to persons.
- g) Do not use a power bank that is damaged or modified. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
- h) Do not disassemble the power bank. Take it to a qualified service person when service or repair is required. Incorrect reassembly may result in a risk of fire or injury to persons.
- i) Do not expose the power bank to fire or excessive temperature. Exposure to fire or temperature above 100°C/212°F may cause explosion.
- j) Have servicing performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained.
- k) Switch off the power bank when not in use.

CAUTION: Risk of Fire and Burns. Do Not Open, Crush, Heat Above 45°C or Incinerate. Follow Manufacturer's Instructions.

This device complies with Industry Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device has been evaluated to meet general RF exposure requirement. To maintain compliance with RSS102 – Radio Frequency (RF) Exposure guidelines, this equipment should be installed and operated with a maximum distance of 15mm between the radiator and your body.

Cet équipement est conforme aux limites d'exposition de rayonnement d'IC RSS-102 déterminées pour un environnement non contrôlé. Cet équipement devrait être installé et actionné avec la distance maximum 15 mm entre le radiateur et votre corps.
