Electrical Rating: 12.0V – 5.0A
Temperature Rating: 0-50C

Tablo

Product Manual

Safety Information

FAILURE TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN SERIOUS INJURY, OR DAMAGE TO YOUR DEVICE.

Important Product Information

Positioning the Device

If your Tablo falls and hits someone, especially a small child, it could cause serious injury. To reduce the risk of such injuries and damage to the Tablo, set up the Tablo according to these instructions. Place the device on a surface that:

- Is flat and level.
- Is stable and not likely to tip over.
- Allows all four rubber feet of the device to be in contact with the surface.
- Is not likely to allow the device to slip or slide off.
- Is clean and free of dust and debris.

Cables

Arrange all cables and cords so that people and pets are not likely to trip over or accidentally pull on them as they move around or walk through the area. When the device are not in use, you may need to disconnect all cables and cords from the device to keep them out of the reach of children and pets. Do not allow children to play with cables and cords.

Preventing the Device from Overheating

Your Tablo requires proper ventilation. When in use, do not cover with materials such as newspapers, tablecloths, or curtains. Do not use the device on soft support such as bedding, blankets, etc. Allow ventilation space of at least 10cm on the top and side of the device. Do not place the device in an enclosed cabinet space without sufficient ventilation. Do not place the device near any heat sources such as radiators, heat registers, stoves, etc.

Electrical Safety

Use only the power adapter unit and AC power cord that came with the device. Confirm that your electrical outlet provides the type of power indicated on the power adapter unit (in terms of voltage [V] and frequency [Hz]). Do not overload your wall outlet, extension cord, power strip, or other electrical receptacle. Do not connect any other devices between the power adapter unit and the device.

Do Not Attempt Repairs

Do not attempt to take apart, open, service, or modify Tablo and the power adapter unit. Any evidence of any attempt to open and/or modify the device, including peeling, puncturing, or removal of any of the labels, will void the Limited Warranty and render the device ineligible for authorized repair.

Product Specifications

FCC Compliance

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference.
- (2) this device must accept any interference received including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with the FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Pursuant to Section 15.21 of the FCC rules, changes or modifications to a Product by the user that are not expressly approved by the party responsible for compliance could make the Product no longer comply with the FCC Rules. The device meets the FCC Radio Frequency Emission Guidelines. Information on the product is on file with the FCC and can be found by inputting such Product's FCC ID (which can be found on the device) into the FCC ID Search form available at <https://www.fcc.gov/oet/ea/fccid>.

The party responsible for FCC compliance is Blok.Party, Inc. 835 Baden Ave, South San Francisco, CA 94080, USA.

Industry Canada Notice to Users

This device contains licence - exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence - exempt RSS(s).

- 1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada.

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement."

IC Radiation Exposure Statement

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

European Union Directives Conformance Statement

The following CE compliance information is applicable to Blok Party Tablo devices that carries the CE mark. Hereby, Blok Party, Inc. declares that this product is in compliance with:

- The essential requirements and other relevant provisions of Directive 1999/5/EC
- All other relevant EU Directives 0168 [Only Indoor Use Allowed In France for Bluetooth and/or Wi-Fi]

Limited Warranty

Your Tablo is covered by a Limited Warranty. Details are available at www.playtablo.com/support.

TABLETOP GAMING CONSOLE

Important
Product Information

Quick Start Guide

This product has been verified to comply with FCC, IC, and CE. The FCC and IC number can be found on the label located at the bottom of this unit. Please check regulatory information in DEVICE>Product Info. Additionally regulatory information is located in the product specifications section of the product manual

Powering The Device

To power the device look at the underside of your device and find the foot that has a cut out. Insert the official power jack into the power connector and wait for the screen to turn on. There is no power button to press to turn on your device

Control Button

On the corner of the device above the power cable you will find the Control Button. Upon pressing the Control Button, the device menu will appear on the screen allowing easy control of wifi connections, bluetooth, sound, brightness. It also allows navigation back to home, put your device in sleep mode, or the ability to reboot the device.

Device Button

To access the device settings click on the Device button that can be found on the bottom of the screen.

USB Ports

There are four USB-A connectors found on the sides of the device, two on each opposing side. These USBs can be used to charge your phone while the device is on.
