

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS**EUT Housing and Board
View 1****EUT Housing and Board
View 2**

EUT Housing and Board View 3	 A photograph showing the EUT housing and board from a top-down perspective. The components are laid out on a blue surface next to a black ruler with white markings. The ruler is oriented vertically on the left and horizontally at the bottom. The components include a green printed circuit board (PCB) with various electronic components, a black plastic housing, and two white plastic housings. Wires of different colors (red, green, black, white) are connected to the PCB.
Solder Board-Component View 1	 A close-up photograph of a green printed circuit board (PCB) with various electronic components. The components include a large black electrolytic capacitor, several red electrolytic capacitors, a blue component, and various resistors and integrated circuits. The PCB is placed on a blue surface next to a black ruler with white markings. The ruler is oriented vertically on the left and horizontally at the bottom.

Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. The component is rectangular with several solder joints and surface components. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters, with the component spanning approximately 40 mm in width and 20 mm in height.
Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 3'. The component is rectangular with several solder joints and surface components. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters, with the component spanning approximately 40 mm in width and 20 mm in height.

Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 4'. The component is rectangular with various electronic components, including a large black integrated circuit (IC) in the center, several smaller surface-mount components, and a blue connector on the right side. It is placed on a black surface with a white ruler for scale. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10). The background is a light blue textured surface.
Solder Board-Component View 5	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 5'. The component is rectangular with various electronic components, including a large black integrated circuit (IC) in the center, several smaller surface-mount components, and a blue connector on the right side. It is placed on a black surface with a white ruler for scale. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10). The background is a light blue textured surface.
