2. Parameters of product

Screen:0.96 inches, 80*160TFT screen

USB version: USB 2, supports USB 3.0

Headphone output: double track headphone, 32ohm

Product memory: 4G, 8G, 16G, 32G(optional)

Battery capacity: 250mAh polymer lithium battery

Music format: MP3/WAV/WMA/APE/FLAC

Recording format: WAV

Frequency response: 20Hz~20KHz

SNR: greater than 88db

Distortion degree: less than 0.05%

Product size: 80 * 26 * 9mm

Product weight: 26g

Operation systems: Window 98, Window XP,Windows7, windows8, windows10, MAC OS

Bit rate:WAV-512KBPS/1536KBPS/3072KBPS

Chapter 2 Start to use

1. Setting functions

Select the "Settings" icon on the main menu and the following options will show up.

- Language
- Date and time
- Brightness
- Backlight timer
- Set the timed shutdown
- Information
- Storage status
- Factory setting
- Update playlist:
- Power-on Password

2. Bluetooth

- Bluetooth mode
- Bluetooth on/off

- Paired device
- Available devices
- Device name

  3. Recorder

- Recording library
- Recording bit rate:512 kbps/ 1536kbps/ 3072 kbps
- Noise co
- Recording scene:

Closure, Interview, Meeting, Station, Teaching

- Recording segment
- Voice-activated
- Recording monitor
- Timing recording

- Favorites

- Setting of play mode:Back to the main page, variable speed playback, repeat playback, bookmark, add to playlist, Equalizer

FCC Statement

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the

instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

—Reorient or relocate the receiving antenna.

—Increase the separation between the equipment and receiver.

—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

—Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has evaluated to meet general RF exposure requirement. The device can be used be in portable exposure without restriction.
