AYLO

THE HOME LIGHTING SYSTEM

The ultimate light source

AYLO brings studio-quality lighting to your everyday beauty routine. Bask in your own light as AYLO emanates from your mirror and illuminates your natural beauty. Using wireless, integrative technology that connects to your smartphone, AYLO gives you the best, customized lighting for your one-of-a-kind face. Let your light shine, then go out and share it with the world.

LIGHT SHIFT

Adjustable Brightness

Cycle through brightness settings from dim night light to bright sunny vibes.

Adjustable Color

A color spectrum of 2700K-6500K allows you to recreate light from real-life scenarios like warm candlelit dinners to cool cloudy days

Bathroom lighting

AYLO lighting

Features

Easy to Mount & Move

AYLO easily mounts to mirrors 16in x 16in and larger. Snap on / snap off magnetic feature allows you to take AYLO wherever you need great light.

Smart Lighting

AYLO detects the color and brightness of each room and instantaneously projects the perfect light for your face.

Wireless Battery Power

Shine your light for up to 30 hours.

Proximity Sensor

AYLO automatically starts saving its battery life when you step away.

Lit with Accuracy

144 LED's with >90 Color Rendering Index (CRI) simulate natural light and reflect skin tones and makeup accurately and beautifully.

AYLO App

The Bluetooth connected app allows you to control and customize one or multiple AYLO lights.

FCC Statement
This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Setup using wireless bluetooth configuration.

STEP 1

Make sure you fully charge your AYLO. Then remove adhesive backing from 3 mirrored discs on the backside of AYLO.

STEP 2

Choose where you want your AYLO and press it onto the mirror for 30 seconds. Remove AYLO leaving the 3 mirrored discs still attached to the mirror.

STEP 3

To be extra safe, press each mirrored disc firmly into the mirror for an additional 30 seconds. Wait at least one hour for adhesive to set before reattaching AYLO.

Then light yourself up.

Button Controls

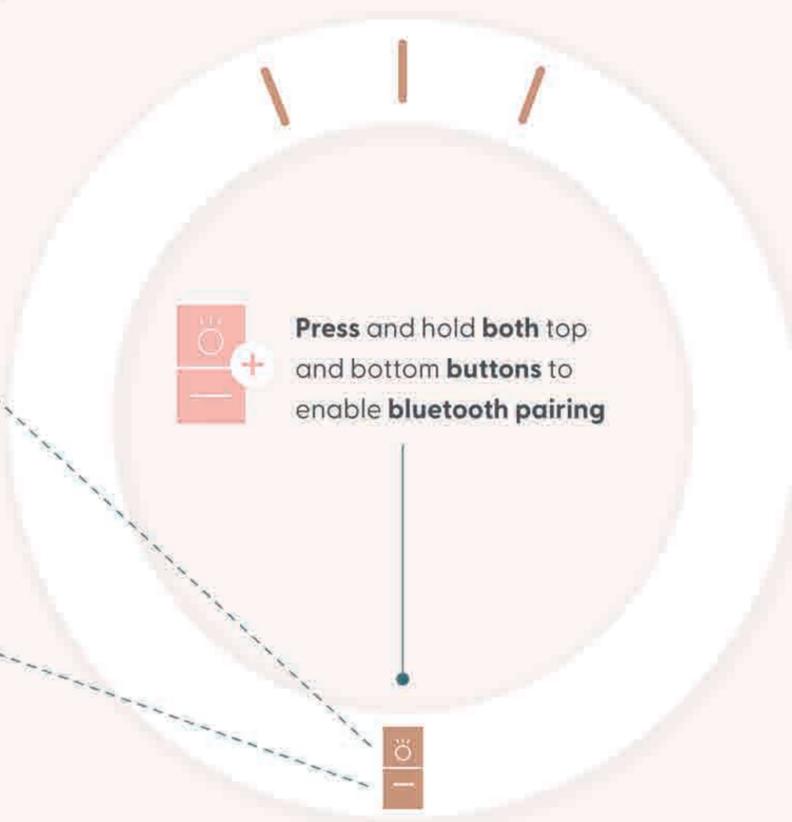

Turn it on. Turn it off. Cycle through brightness and color temperatures. Pair with the App.

- Press and **hold** top button to **turn on/off**
- Press top button to **increase brightness**

- Press bottom button to **decrease brightness**
- Press and hold bottom button to **change color temp**

Light Indicators

- White** - AYLO is charging
- Yellow Pulse** - Battery is at 10% - 3%
- Red Pulse** - Battery is at 3% - 0%
- Red** - Battery needs charging
- Blue Pulse** - Bluetooth Pairing
