Power On</b><br/>Automatic Power On For First Time User<br/>Step 1: Open the Charging case cover<br/>Step 2: The earbuds are automatically turned on and paired when taking out; Then earbuds Indicator light flashes slowly with blue color to connect the phone<br/><b>2. Normal Functions Operation</b><br/>Incoming call / Reject Call:<br/>· Touch the earbud once to answer/hang up the call.<br/>· Long touch the earbud to reject the call.<br/>Play/ Pause<br/>· When playing music, touch the earbud once to play or pause the music.<br/>Volume +/-<br/>· Touch the left earbud 3 times to increase the volume.<br/>· Touch the right earbud 3 times to decrease the volume.<br/><b>3 . Turn Off</b><br/>Automatically Turn Off The Earbuds<br/>Step 1: After use, remove both left and right earbuds from your ear.<br/>Step 2: Put them back into the charging case, they will automatically turn off and charge them selves.<br/><b>Manually Turn Off The Earbuds</b><br/>Step 1: If both earbuds are on &amp; connected with each other, long press either left or right earbuds for 5 seconds to manually power off.<br/>Step 2: Place them back into the charging case to charge the earbuds.<br/><b>4 . Connection Mode - Earbuds connect with smart phone</b></p> | <p><b>Indicator working status</b></p> <table border="1"><thead><tr><th>Headphone work status</th><th>Headphone indicator status</th></tr></thead><tbody><tr><td>charging</td><td>Bright red light</td></tr><tr><td>A full charge</td><td>Lights out</td></tr><tr><td>Connect the phone</td><td>Lights out</td></tr></tbody></table> <p>Working status of charging bin</p> <table border="1"><thead><tr><th>Indicator status of charging bin</th></tr></thead><tbody><tr><td>USB-5V charging</td><td>Blinking red</td></tr><tr><td>The charging bin charges the headphones</td><td>Green light normally on</td></tr><tr><td>Low power status of charging bin</td><td>Green light flashing</td></tr></tbody></table> | Headphone work status | Headphone indicator status | charging | Bright red light | A full charge | Lights out | Connect the phone | Lights out | Indicator status of charging bin | USB-5V charging | Blinking red | The charging bin charges the headphones | Green light normally on | Low power status of charging bin | Green light flashing | <p><b>Precautions for use</b></p> <ol style="list-style-type: none"><li>1. The earphones should be stored in a dry and well-ventilated environment, to avoid oil, water, moisture and dust affecting product performance.</li><li>2. Avoid using stimulus, organic solvents or items containing these ingredients to clean the earphones.</li><li>3. The use of earphones should be correctly as per the specification, pay attention to use the influence of environment on the earphones.</li><li>In order to ensure the smooth connection, it's recommended that the distance between the earphones and phones within 10 meters.</li><li>4. If the earphones failed to connect with poor connection, please do not take apart the earphones or the accessories on your own. Otherwise, no warranty.</li><li>5. Regarding charging earphones. Please use the standard USB cable or pointed charging cable from our company to charge the earphones.</li><li>6. In order to ensure normal use, please ensure sufficient power of the earphones.</li></ol> |

| <p>FCC Warning<br/>This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:<br/>(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.<br/>NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:<br/>- Reorient or relocate the receiving antenna.<br/>- Increase the separation between the equipment and receiver.<br/>- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.<br/>- Consult the dealer or an experienced radio/TV technician for help.<br/>NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.<br/>The device has been evaluated to meet general RF exposure requirement.</p> |
