	Earbud: 40mAh
Weight	Right Earbud: 0.13oz
	Left Earbud: 0.13oz
	Charging Case: 1.41oz

Notice

1. Do not charge the device continuously for more than 12 hours.

2. Do not disassemble the headset or put the device into the fire to avoid explosion.

3. Do not place the magnetic charging cable or the magnetic charging port of the headset near metal objects.

4. Use of charging cables not approved by the manufacturer may cause fire, explosion or other hazards.

5. Use the product within the temperature range of 32°F-95°F and store the product within the temperature range of 14°F-113°F. Excessively high or low temperatures may cause equipment malfunction.

6. Do not expose the headset to the sun for a long period of time, otherwise it will be easily deformed, aging and breakage.

7. This product has a built-in non-removable lithium battery, the battery is prohibited from disassembly, impact, extrusion or put into the fire, if there is a serious expansion, please do not continue to use.

IC Caution:

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:
(1) This device may not cause interference; and
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:
(1) l'appareil ne doit pas produire de brouillage, et
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

L'appareil a été évalué pour répondre aux exigences générales en matière d'exposition aux RF. L'appareil peut être utilisé en condition d'exposition portable sans restriction.

FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-Reorient or relocate the receiving antenna.
-Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
