Information for the user about *gitamini*TM robot operation and compliance with Chapter 15 of the FCC Rules

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The user is not authorized to make any modifications to the equipment. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for an exempted transportation device (Section 15.103(A)), pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

In addition, this equipment contains a radar sensing unit which conforms to the requirements of Part 95, Subpart M of the FCC rules. The user is permitted to operate this unit without an individual license subject to the terms of Part 15 listed above.

gitamini robot will follow you at a distance of 3-5 feet. When standing still you should maintain a distance of at least 1 foot from the front of *gitamini* to comply with RF exposure limits.
