**Downloading (either way is accessible)**

1. Download and install "Ecolor Life" App via IOS App Store (devices with IOS 9.3+) or Google Play Store (devices with Android 4.3+).

2. Scan the following QR-codes to download "Ecolor Life" App

**Setting up**

- Turn on the table lamp you are adding to the App.
- Turn on your Bluetooth and open the "Ecolor Life" App.
- Tap the "+" icon in the top-right corner and select "E0707".
- Complete setup and start using it.

**Ecolor Life**

- 16 Million Colors:** change the color of your lights.
- Brightness:** change your light brightness from 1%-100%.
- Music Mode:** turn every beat of your music into a light effect.
- Color Temperature:** 2700K-6500K (white light) can satisfy your needs when reading or working.
- DIY Color:** find your favorite color on the multi-color wheel.
- Timing:** your lamp can be scheduled to turn on/off automatically.
- My Color:** Choose any color or scene you like and save it in "My Color" (15 colors at most).
- OTA Upgrade:** update to the latest version.

**Notes**

- Keep the product away from water since it's non-waterproof.
- Keep the product away from sharp objects or dangerous chemicals. Like corrosive acid or alkali.
- Physical obstacles like concrete walls in the transmission path may reduce Bluetooth range.

**Troubleshooting**

**1. Why does my lamp fail to connect with Ecolor Life?**

- Your lamp may be physically switched off.
- You may not turn on the Bluetooth of your phone.
- Your lamp may be over 164ft away from the App.
- If there is still failed connection, please delete the device by pressing the icon in the top-right corner and reconnect it.

**2. Does the lamp work with voice assistants, like Alexa/Google?**  
No, it doesn't.

**Customer Service**

- Warranty: 12-month Limited Warranty
- Support: Lifetime Service Center
- Email: support@ecolorled.com

**FCC Statement**

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B signal device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

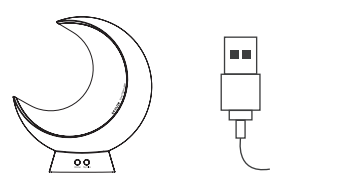

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Radiation Exposure Statement**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

**DEUTSCH**

**Anmerkungen**

- Halten Sie das Produkt von Wasser fern, da es nicht wasserdicht ist.
- Halten Sie das Produkt von scharfen Gegenständen oder gefährlichen Chemikalien wie ätzender Säure oder Alkali fern.
- Physische Hindernisse wie Betonwände im Übertragungsweg können die Bluetooth-Reichweite verringern.

**Fehlerbehebung**

**1. Warum kann meine Lampe keine Verbindung zu Ecolor Life herstellen?**

- Ihre Lampe ist möglicherweise physisch ausgeschaltet.
- Sie stellen das Bluetooth Ihres Telefons nicht ein.
- Ihre Lampe ist möglicherweise mehr als 30 m von der App entfernt.
- Wenn die Verbindung immer noch fehlerhaft ist, löschen Sie das Gerät, indem Sie auf das Symbol in der oberen rechten Ecke klicken und die Verbindung erneut herstellen.

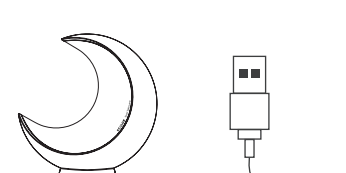

**2. Funktioniert die Lampe mit Sprachassistenten wie Alexa / Google?**  
Nein, das tut es nicht.

**Kundendienst**

- Garantie: 12 Monate eingeschränkte Garantie
- Support: Lifetime Service Center
- Email: support@ecolorled.com

**Download (in entrambi i casi è accessibile)**

1. Scarica e installa l'app "Ecolor Life" tramite IOS App Store (dispositivi con IOS 9.3+) o Google Play Store (dispositivi con Android 4.3+).

2. Scansiona il seguente codice QR per scaricare l'app "Ecolor Life".

**Impostare**

- Accendi la lampada da tavolo che stai aggiungendo all'App.
- Accendi il Bluetooth e apri l'app "Ecolor Life".
- Toccare l'icona "+" nell'angolo in alto a destra e selezionare "E0707".
- Completare la configurazione e iniziare a usarlo.

**Ecolor Life**

- 16 milioni di colori:** cambia il colore delle tue luci.
- Luminosità:** cambia la luminosità delle luce dall'1% al 100%.
- Modalità musica:** trasforma ogni battito della tua musica in un effetto luminoso.
- Temperatura del colore:** 2700K-6500K (luce bianca) può soddisfare le tue esigenze durante la lettura o il lavoro.
- Colori fai da te:** trova il tuo colore preferito sulla ruota multicolore.
- Tempistica:** è possibile programmare l'accensione / spegnimento automatico della lampada.
- My Color:** scegli il colore o la scena che preferisci e salvalo in "My Color" (15 colori al massimo).
- Upgrade OTA:** aggiorna all'ultima versione.

**Appunti**

- Tenere il prodotto lontano dall'acqua poiché non è impermeabile.
- Tenere il prodotto lontano da oggetti appuntiti o sostanze chimiche pericolose, come acido corrosivo o alcali.
- Ostacoli fisici come muri di cemento nel percorso di trasmissione possono ridurre la portata del Bluetooth.

**Risoluzione dei problemi**

**1. Perché la mia lampada non riesce a connettersi con Ecolor Life?**

- La tua lampada potrebbe essere fisicamente spenta.
- Provare non essere possibile attivare il Bluetooth del telefono.
- La tua lampada potrebbe trovarsi a oltre 164 piedi di distanza dall'App.
- Se la connessione non è ancora riuscita, eliminare il dispositivo preimpostato e rimpiazzarlo in alto a destra e ricollegarsi.

**2. La lampada funziona con assistenti vocali, come Alexa / Google?**  
No, non lo è.

**Assistenza clienti**

- Garanzia: 12 mesi di garanzia limitata
- Supporto: servizio a vita
