

EUT View 13	 A top-down view of a black, rectangular electronic component with a complex, stepped top surface. The component is placed on a blue textured surface. A black ruler with white markings is positioned horizontally below the component, showing measurements in millimeters. The ruler has markings from 0 to 100 mm on the top edge and 0 to 100 mm on the bottom edge. The component's width is approximately 60 mm and its height is approximately 30 mm.
EUT View 14	 A side view of the black electronic component, showing its profile. The component has a rectangular base with a slightly raised front edge. On the left side, there is a small, circular feature, possibly a button or a sensor. The component is placed on a blue textured surface.

Model: Aviator 2.0 Ignite S1 Goggle

EUT View 1	 A front-facing view of the Aviator 2.0 Ignite S1 Goggle. The goggle features a clear, curved lens with a red and black frame. A black strap with a buckle is attached to the sides. A black electronic device is mounted on the left side of the frame. A black L-shaped ruler is placed next to the goggle for scale, showing measurements in centimeters and millimeters.
EUT View 2	 A side-facing view of the Aviator 2.0 Ignite S1 Goggle. The goggle shows the side profile of the frame and the black strap. The red and black frame is visible. A black electronic device is mounted on the side. A black L-shaped ruler is placed next to the goggle for scale, showing measurements in centimeters and millimeters.
