

## Quick Start Guide

# POWER BLOW

### Charging

 **Red blinking fast**  
Critical battery  
Time to charge

 **Red blinking**  
Battery 10%

 **Orange blinking**  
Battery 30%

 **Light orange blinking**  
Battery 50%

 **Yellow blinking**  
Battery 70%

 **Light green blinking**  
Battery 90%

 **Green**  
Battery full 100%

### How it works

**1**  
Remove the lid and take the sleeve and inner ring out of the Feel Stroker case.

**2**  
Insert the cup into the stroker and clip it in place.

**3**  
Slide the sleeve and inner ring back in to the stroker case and clip it in place. Unscrew the cap on the base of the Feel Stroker.

**4**  
Put the rubber gasket onto the stroker, then screw the PowerBlow on top of the FeelStroker.

**5**  
Add some lube and enjoy!

### Power/Mode Button

**ON** Press and hold the Power/- Mode button for 4 secs.

**OFF** Press and hold the Power/- Mode button for 4 secs.

To change modes, press and hold the Power/Mode button for 1 sec.

<b>Power ON</b>	Bluetooth mode
<b>1 sec. hold</b>	Manual mode
<b>+ 1 sec. h</b>	Automatic mode
<b>1 click</b>	Pause mode

### Bluetooth mode

 **Flashing blue**  
Searching for paired device/FeelConnect app

 **Solid blue**  
Paired to device/FeelConnect app

### FeelConnect app

Enhance your experience with the FeelConnect app.  
Discover more at: [www.kiiroo.com](http://www.kiiroo.com)

### Manual mode

 Press and hold the Arrow up button to create suction. The longer the button is pressed, the stronger the vacuum created by PowerBlow. The PowerBlow will retain vacuum once the button is no longer pressed.

 Press the Arrow down button once to release air and stop the vacuum effect. Repeat the process as desired.

 Do not connect Keon by Kiiroo and PowerBlow together in manual mode. For optimal use of both devices together, download FeelConnect app to pair Keon and PowerBlow and allow Keon to control PowerBlow.

### Automatic mode

Press and hold the Power/Mode button for 1 second again to enter Automatic mode. This mode offers an automatic pattern that repeats itself in a constant loop.

By pressing  and  buttons, the intensity of the vacuum suction will increase or decrease.

For safety reasons, the PowerBlow's intensity is set to 50%. To modify the device's intensity features, download and connect to the FeelConnect app. Please note that one's personal optimal intensity will differ depending on diameter of an erect penis.

### Pause mode

 To pause suction, press the Power/Mode button once. Press the button again to resume operation.

 **Pause mode**  
Device is in pause mode.

Hereby, Kiiroo BV declares that the pleasure device is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: [www.kiiroo.com/certificates](http://www.kiiroo.com/certificates)

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.

## ISED Statement

- English: This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The digital apparatus complies with Canadian CAN ICES-3 (B)/NMB-3(B).

- French: Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. L'appareil numérique du CIEM conforme canadien peut - 3 (b) / nmb - 3 (b).

This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 2.5 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 0cm between the radiator & your body.

Cet équipement est conforme Canada limites d'exposition aux radiations dans un environnement non contrôlé.

Cet équipement doit être installé et utilisé avec une distance minimale de 0 cm entre le radiateur et votre corps.
