

Label and location

Kadianbao(truck start-up parked lithium-ion battery)

Model Name :HCSP24V150

Battery : Lithium Ion(LiFePO4)

Capacity : 134Ah/25.76V,3451Wh

Product dimensions:513x214x222mm,28kg

DC Input : 24V $\overline{=}$ 40A

DC Output : 24V $\overline{=}$ 120A

FCC ID: 2BC6YHCSP24V150

Operating temperature : -40° F - 131° F

Manufacturer: Chengdu Huachu New Energy Battery for Trucks Co.,Ltd

Importer: XXX

Address: YYY

Made in China

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
