

## 5GHz 15dBi dual-polarized directional panel antenna

- ◆ Designed for 5GHz ISM band applications
- ◆ High gain and low VSWR
- ◆ All-weather operation
- ◆ Low profile small size

### TECHNICAL SUPPORT

The highly acclaimed LigoWave support team is always ready to help you solve all arising problems or give professional advice about your network design, deployment.

Support telephone numbers:

EMEA office  
tel. +370 37 211705

USA office:  
tel. +1 877 544 6928  
+1 877 LIGOWAVE

+1 404 478 2727

## Electrical Specifications

Frequency range	5180-5240MHz	5745-5825MHz	2412-2462MHz
Gain	15 dBi	15 dBi	0 dBi
Polarization	Dual linear	Dual linear	Dual linear
Cross-pol Isolation	21 dBi	21 dBi	1 dBi
Max VSWR	<1.4	<1.4	<1.4
H-pol Beamwidth	35 deg	35 deg	35 deg
V-pol Beamwidth	35 deg	35 deg	35 deg
Elevation Beamwidth	35 deg	35 deg	35 deg
Impedance	50 ohms	50 ohms	50 ohms
Connector type	MCX	MCX	MCX
