Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a small green printed circuit board (PCB) component, labeled 'WaveH4 v12' and 'G1524', resting on a blue textured surface. A black wire is soldered to the top of the board. A black L-shaped ruler with white millimeter markings is placed next to the component for scale. The ruler shows the component is approximately 20mm wide and 15mm high.
Antenna View	 A photograph of the same green PCB component from a different angle, showing the underside. A red rectangular box highlights the black wire, which is identified as the Z-Wave antenna. A red line points from a label 'Z-Wave Ant.' in a red-bordered box to the antenna wire. The black L-shaped ruler is also present for scale.
