

User Manual

The product is a car display motherboard that supports Bluetooth and WiFi modes

CP01-Vehicle mounted instrument specifications

Working voltage	DC9V-90V	MAX:100V
platform	sunplus	SPHL83XX
System	Linux	V:4.19
Screen	10.1 inches	LVDS
Touch	10.1 inches	capacitive screen
Screen projection	Supports wired/wireless	Apple/Android
Bluetooth	support	V:5.0
Amplifier	support	MAX:2X15W
Radio	support	FM:87.5M-108M AM:522K-1620K
CAN BUS	support	High Speed CAN
Sleep ACC	support	current:5mA
Instrument	support	always
Car information	support	Communicate_CAN

FCC Caution.

(1)§ 15.19 Labelling requirements.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

§ 15.21 Changes or modification warning

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

§ 15.105 Information to the user.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF warning for Mobile device:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
